Synopsis

The other world I reincarnated to, was a world that will enable you to use magic after reading a Grimoire.

And the Grimoire's contents are—You wouldn't believe it, it's 「Manga」.

This world's people would take around one year to read one Grimoire(Manga)

But for me, it is a「Manga」, that's why it would not take an hour.

Interpreting and understanding all kinds of Grimoires and the 6 year old me who became the World's Strongest Master Mage,

Welcomed brides that were also 6 years old, and started living a carefree life.....!!

Chapter 93 – An Eraser In The Head

「Lucio-chan! Look at this?」

Balthazar suddenly entered the room, and showed me a bentou box.

There were colorful dishes placed inside the bentou box, and it looks very delicious.

「That looks delicious. What's up with this」

「I asked Sylvia-chan to help, we made it together you know?」

「He～. Balthazar made it huh」

「Call Bal, Hacchan?」

Balthazar said just like always.

Nadia is calling her “Hacchan” just like she wanted to, but somehow, I feel uncomfortable calling her that.

So to dodge the question, I reached out my hand and tried to pick one of the dishes—the octopus sausage.

But, she pulled it back before I picked it.

「No, this is Bal's you know?」

「Ahh, you didn't make it for me to eat」

「Bal is going to go out a little right now, so it's a bentou for that you know」

「You're going out」

I got a little surprised.

Balthazar who had always stuck with me since she came to our house is going on a trip huh.

Looking at the bentou, it looks like she's going out alone.

.....o

I'm a little worried.

No, although she's like this, she's the incarnation of the Demon King so there shouldn't be any danger, but somehow, I'm worried.

「Do you want me to go with you」

「Lucio-chan shouldn't come you know」

「I shouldn't huh」

「Un, Bal's going alone」

U~n.

I dunno. I couldn't figure out her movement pattern that is different from usual.

The more I got clueless, the more I got worried.

「Should we ask Coco to go with her?」

Behind Balthazar, Veronica said from the corridor outside the room.

「You were listening」

「Yes」

Nodding, she turned towards Balthazar.

「Can I ask you to do that? Coco has yet to go on her walk」

「.....un! Okay」

Balthazar thought for a moment, then nodded clearly.

The three of us went to the yard, and Veronica called over Coco who was playing in the yard.

「What is it~, Mama-sama」

「We're going for a walk. Today, she's going to take her with you」

「Wa~i」

Coco got very delighted, and took out the lead from her pocket.

She put it on her wrist, and passes the other end to Balthazar.

The dog-eared Coco, just like this, she puts on the lead on her wrist, and likes to be taken for a walk with someone holding it.

Recently it's Mama-sama——Veronica who is always doing it.

That's why, she reached out the lead just as usual, but.

「Wa~i」

Balthazar didn't receive it.

She raised a happy voice just how Coco did, and hugs her.

She places her arms around her, and embraces her just like hanging on her.

Coco who was holding the lead got confused.

「Mama-sama?」

「Since it's she's like that, just go along with her」

「.....yes, I understood～」

She started to walk like, “Since it’s the order of Mama-sama that I really love”.

Balthazar hugs her like hanging on her while holding the bentou box, and walked with her walking tiptoed.

We saw off the two, finally, they went out of the mansion, and we can’t see them anymore.

「They’re making us worried」

「Honestly, I completely agree. It’s the first time that Balthazar would leave alone after all」

「If you’re worried, you want to go? You could use magic that would make you invisible right. Shouldn’t you just follow them while using that?」

「It’s Balthazar after all, if I do that, I feel like she’d find out like『Wa～i, it’s Lucio-chan’s smell～』」

「That’s seems very likely」

Nodding, Veronica agreed.

「Then, you can only keep your fingers and wait」

「.....『Telescope』」

I searched inside my head for the magic, and used the suitable one.

A fly-like creature appeared on the palm of my hand. And on its side, a holographic panel also appeared.

「What is that?」

「It's a magic spell that would make what this one looks at, be shown in this one」

I have the controlling rights. I made the fly fly just like a radio-controlled toy, or you could say brain controlled.

And then, the panel's footage also started to roll. It's like a game screen.

「He~, there's also this kind of thing huh」

「I'll follow her using this.....if she finds out, I'll think of it then」

I followed behind Coco and Balthazar by controlling the fly.

Immediately after I made it fly towards the direction where the two disappeared, I found their back appearance.

I boldly approached them, while thinking about the next magic to use if they find out.

「It looks like they haven't found out」

「That seems like it」

The two haven't noticed although it approached them very closely, so for the meantime, I got relieved.

Balthazar advanced while closely sticking to Coco's neck.

After they had gone out of town, Balthazar got very interested in a lot of things along the way, and she would try to go there with flighty feet, but every time she does that, Coco stops her in a hurry.

「You wouldn't know who is the real one that is letting her go on a walk」

「That's exactly true」

The firm-willed dog is looking after a young child, the two of them made such an atmosphere.

「Ara? Isn't that Onii-sama?」

「It's true, it's Isaac. This is bad, Balthazar's face started to get fierce」

「It looks like she's about to say something like “Lucio-chan is fine with just one～”」

「He's going to become a slug again huh, RIP」

And when I was placing my hands together while thinking of that, the situation changed to something unexpected.

Coco who somehow felt the change in Balthazar's air took out a water bottle from nowhere, and pours it to her self.

Coco was splashed with water, her appearance changed in an instant.

From the innocent dog-eared girl, to the strong-willed cat-eared girl.

Mami.

She has the same body as Coco, the girls that would change personalities when splashed with water.

The instant Mami saw Isaac, she immediately went after him.

Looking at Mami's appearance, Isaac got freaked out, and ran away as quick as he could.

The only one remaining, was Balthazar who was like Poka~n, stunned.

「It looks like she chased him away」

「I really don't know who's taking who to a walk now」

「Come to think of it, Lucio, this, can it show a different place other than this? Do you need to make a fly-like thing first to make it show something?」

「The fly itself, I can make it appear to a place I would like. Look」

I used magic, and the panel of the footage changed.

My family house was shown, and the appearance of Ojii-san fixing his bonsai on the garden could be seen.

「He has such a hobby huh. But, it really fits him desu wa」

Next, the palace was shown. The King is sitting on the throne, and ordering the minister about something.

「Ara, he's really doing his job as a king properly huh. I only thought that he's just a Lucioholic」

「Don't make such weird words」

The screen changed furthermore. This time, it shows inside the mansion.

「Ara, Amanda」

「It's Amanda-san alright」

The place is Amanda-san's room.

Since it's like that, I tried to take a peek on how Amanda-san seems like, but when the screen changed, Amanda-san was staring towards us.

「L-Lucio? She's looking at us. I mean, our eyes met」

「Y-Yeah」

While looking at us, Amanda-san's lips moved.

『This is not good you know Danna-sama』

She knows!

I scrambled to change the screen.

She knows, I don't know how, but she found out!

I feel cold sweat on my back.

「A-Amanda, who in the world is she」

「.....it will be for the best if we don't dig on that」

「I-I guess so」

Veronica and I made a dry laugh.

Back to the start, I returned the footage to where Balthazar is.

Very quickly, Balthazar and Coco who went back to herself, the two of them is in the grasslands.

On the grasslands, Balthazar is making something. She's making something out of the flowers that Coco picked out.

「It looks like a ring」

「A ring?」

「You cannot understand?」

Veronica pointed that out for me, and this time, I looked at it properly.

It's true, Balthazar was making something with a small loop. It's something that looks like a ring.

「It should be a gift for you」

「I guess so」

「Lucio, I could guess that I do not need to say this, but you shall not tell her that you were looking. You should get surprised, and get happy on top of it」

「.....then, I'll do this」

I removed the footage, and used a new magic.

「『Erase Memory』」

The instant I used the magic――.

「――Veronica? And.....this, why am I in the yard?」

「Lucio?don't tell me, did you use magic on your memories right now?」

「Memories? What are you talking about」

「.....no, it is nothing」

Veronica shook her head.

I wonder what she was about to say, I got curious.

「Uu!.....」

「What happened?」

「Nothing, just, I suddenly felt pain in my head.....what the heck is this, it's like a hangover.....but, I haven't drank alcohol since I came here」

「Lucio, you」

「What, why are you making such a face——ouch, o-ouch.....」

I grabbed my head, oh really, it really feels painful like I'm having a bad hangover.

「.....Lucio」

「What――mu!」

Veronica suddenly kissed me on the cheek.

I got surprised, and my headache was blown away.

I placed a hand on my cheek, and stared at Veronica.

「What is it really for a while now?」

「No. It's nothing」

「Nothing, you say」

「Well then, shall we go inside. Your head hurts right?
“Everyone” will let you rest on our lap」

「Y-Yeah」

Veronica pulled me by the hand, and we returned inside the mansion.

For some reason, Veronica was more kind and tender than usual, and I received a wonderful present from Balthazar who came home.

I really don't know what happened, but it was such a good day.

Chapter 94 – Make A Contract With Me And Become A Magical Girl

「Make a contract with me and become a magical girl!」

「Hyan! W-What is it so suddenly, Lucio-sama」

In the mansion, after lunch.

When I drew very near to Sylvia that I saw immediately after returning home, she made a completely surprised face.

「Make a contract with me and become a magical girl!」

「P-Please calm down, Lucio-sama. Please explain so that I could also understand」

Sylvia appealed. She seems very troubled.

「Today, I read this manga」

「It's a new Grimoire right」

「Yeah, its contents are about a story of magical girls split to allies and enemies. With the two meanings of Moe and Moe(Burn), I think that it's a masterpiece」

「Was that so. You learned a new magic right」

「Yeah, and so, I thought」

「Yes」

「I thought that, our house is lacking magical girls!」

「.....sorry, I couldn't understand after all」

Sylvia had a more and more troubled face.

In fact, she's really troubled.

「But, if I would be of Lucio-sama's help, I will do my best. What do I need to do」

Sylvia said resolutely while she made closed fists in front of her chest.

「Just wait for a bit.....『Rental Agreement』」

I used the magic that I just learned, a small magic circle appeared between Sylvia and me.

「Please touch that, and with that, the contract would be complete」

「Yes」

Sylvia touched the magic circle without hesitations.

In an instant, the ring in Sylvia's ring finger shined.

And from there, light overflowed completely covering Sylvia, and when she got naked in an instant, she changed into a costume in the next.

It was a very magical girl-like, a costume that has a similar look with uniforms.

By the way, when she got naked, a mysterious ray of light shined and I couldn't see her chest, there were no cutting corners there.

「I changed.....」

「You transformed. With this, Sylvia is now a magical girl starting today」

「Haa～.....and then, what should I do next?」

「Magical girls are, literally, girls that could use magic」

「Magician-san, desuka?」

「No, it's magical girl! Magicians are different things」

「I-Is that so. E~to.....」

「You should try to use magic」

「But, magic, I.....」

「Right now, a very magical girl-like magic, should appear inside your head」

「Eh.....ah! It's true, why is something like this in my head.....」

「Try it」

「.....yes!」

Coming to this, Sylvia made a serious face.

Up until a moment before, she was having a troubled face that couldn't keep up with the situation, but in a moment, she had a serious face.

「Come, 『Cratel』」

This time, a magic stick appeared.

It's a stick with a shining gemstone on its end, an orthodox magical girl stick.

「You should also be able to use magic, try it」

「Yes!『Blaze Needle』」

The next instant that Sylvia casted the magic spell, a flaming needle appeared, and pierced through the wall.

「Ah!.....I could use it. Is this Lucio-sama's magic?」

「Yeah」

「E~to.....as I've thought, can you please explain it again?」

「Alright」

Looking at Magical Girl ☆ Sylvia, I'm very content.

I calmed down a little bit, so I explained to her.

「There's several effects with the magic that I learned in this Grimoire, one is, just like right now, a transformation function」

「Yes. It's very cute」

I also think so. I should take pictures using magic later on.

「Another one is, lending magic to the person with a contract. That's why, the magic that you used right now, is a magic spell that I learned by reading manga」

「It was like that huh」

「Of course, there are limits like, the effects and strength would be weaker compared to when I use it, and only one magic could be lent」

Although, there's also a power-up event just like the classics of magical girls, after all, this Grimoire is a series one.

Well, leaving that on the side.

「And so, with that, Sylvia is now a magical girl starting today!」

Zubishi!, I pointed her.

「Yes!」

Sylvia saluted in her magical girl appearance, it's so cute.

「Uhm.....but, Lucio-sama」

「What is it」

「Magical girls, what should they do?」

I didn't think about that.

There's an All-Ages Rated one, and an R-18 one, but I should go with All-Ages right now.

「A classic one where your head would get eaten——」

「Ehhhhh!」

「Or something like, having a fist fight with your best friend up in the air」

「Best friend, you say.....Nadia-chan」

「Yeah. Yosh, wait for a bit」

Sylvia and Nadia, magical girls who would confirm their friendship through fists.

Un, it's a great picture.

I would really like it to happen for real.

I ran around the mansion, searching for Nadia.

And then, finally, I found her.

「Nadia!」

「Oh, isn't it Lucio-kun, what happened?」

「Make a contract with me and become a magical girl!」

「Okay」

Unlike Sylvia, Nadia accepted with a quick reply.

Chapter 95 – Serious Ones

In the mansion's yard, Nadia who I had a contract with transforms.

The clothes she was wearing melted to nothing, and within the tight guard of the mysterious light protecting her important places, it was replaced with magical girl's costume.

After a while, she changed into a magical girl holding a long spear-like thing.

「Oh~, I really transformed. Ah! This, I think I saw this before」

「The time with the dragon knight—it was based on the one you wore when you rode on my back when I transformed into a dragon before. Although, I made it cuter and lovelier in its details」

「This is the magical girl style?」

「I guess so」

「Hee~」

Nadia became in high spirits, picking up the skirt's hem or turning around with a spin.

「Oi!」

「n?」

I heard a voice full of hostility.

When I turned there, I could see a boy's appearance.

It was a boy that was just the same age as us. He was very like a “brat” kind of boy, but for some reason, he's glaring at me.

He has eyes that it was as if he was looking at the enemy of his family.....what's with him?

「Lucio-sama. That boy, he's Nadia-chan's, uhm」

Sylvia who was wearing the same magical girl clothes said.

.....ahh, he's the one I met quite a long time before, that boy who's like an elementary school grader who likes Nadia but could only play tricks on her.

I have only met him once since then, so I couldn't remember until it was told.

Un, I'm sure he's that. And I'm also convinced why he's glaring at me as if I'm the enemy of his whole family.

After all, I am the husband of Nadia who he likes.

I approached the boy. I talked to him over the fence that divides the property.

「What is it」

「I-Is Nadia here?」

「Nadia?」

「What do you need from me?」

Nadia came to my side, and asked the boy.

The boy stared at Nadia for a while, and then looked at her with disdainful eyes.

「Shut up, ugly, I only have something to ask to Nadia」

「Eh?」

Nadia got surprised, and looked at me and the boy alternately.

「Ah～.....Nadia's out for a while. If you need something, I'll ask her in your stead if you want」

「Hmph! Who'd want to talk to you, stu~pid」

The boy said with a bad mouth, and ran away.

If he's so easy to tell like this, it might be also cute—well, rather, it was too cute for insulting though.

「Ne~, ne~, Lucio-kun, what was that right now? It seems like he didn't know that it was me」

「That is the magical girl after all. I activated『Inhibition』magic that would change people's recognition as well to not make the grown-ups know it's you after transforming」

「Change recognition?」

「For example—oh! Veronica has returned just the right time. O~i, Veronica」

Veronica returned almost after the boy left.

It looks like she had returned from their walk, she entered our property together with Coco who is tied on a lead.

When I called her, she freed Coco by removing the lead, and went towards us.

「What is it?」

「These two, who do you think they are?」

「Who, you say.....」

Veronica looked at the transformed Sylvia and Nadia.

「We have met for the first time right. I do not know their names」

「Eh?!」

「Oh～」

Sylvia got surprised, and Nadia got interested.

「Haven't you seen them before」

「No. Although I am like this, I am good at remembering people's faces you know」

「You see know」

「Fumufumu」

Nadia nodded, and Sylvia got dumbfounded again.

It looks like Nadia understood the situation first.

On the other hand, Veronica who was left behind on the side rolled her eyes while saying.

「Did you increase your wives again? I just hope you won't disregard me then, just do it moderately okay?」

Veronica had raised her eyebrow, then returned inside the mansion.

Those words, I don't know if she's serious or just joking.

And in this place, me and the two magical girls remained, and Nadia asked then immediately.

「Ne~, ne~, Lucio-kun, explain it explain it」

「You already know roughly just with the situation earlier right. While you're transformed, you will look as if you're someone else. That's the basic of magical girls」

「As I've thought. Ama~zi~ng, so fu~n」

Nadia became more and more interested, she removed her

transformation, and chased after Veronica.

「Ne~, ne~, Vero-chan! Who do you think I am?」

「Who are you, you say, I can only see you as Nadia though? What's with that question, are you playing some weird games again?」

It was a heartwarming conversation that could be heard from inside the mansion.

Hearing Veronica's "I know of course"-like lines, it's a little interesting.

「Uhm.....Lucio-sama」

「Un? What is it」

「It's fine that I became a magical girl, but.....」

Sylvia narrowed her eyebrows. Her troubled face is so cute.

「But.....what should I do?」

「You're going to fight」

「Fight, with, what?」

「Well, that's.....」

Come to think of it, I haven't thought of it at all.

Normally, it's common for magical girls to have enemies who wants to conquer the world and fight them.

In this world, speaking about conquering the world.....Balthazar the First is an example, but that guy's just a busybody who appears sometimes and currently sealed in a space, so he isn't reliable as an enemy, you can't expect anything from him.

Up until now, we have fought by becoming small and fight ants and bees after entering their nest, but, that isn't very magical girl-ish.

But although that is said, it's a waste not to do anything.

It's a magical girl for all ages after all, I want to see them fight.

I thought deeply, is there any enemies decent nearby—.

「Lucio-sama?」

「.....Lucio, huh」

「Eh?」

「I see, it's Lucio. Un, let's go with that」

「『Transform・Last Boss』」

I chanted the magic. The light of the magic enveloped me, and I changed into something “like it” wearing a black cape.

「Lucio-sama?」

「Fuhahahaha」

「Lucio-sama?! What happened, Lucio-sama?!」

「You foolish humans, I am the one who will dominate this world」

Is this good enough? The lines aren't that good yet, but I could fix that later on.

「Bring it on, Magical Girls! If you do not stop this King, this world shall end」

「You finally show your true colors, Last Boss!」

「Eh?! N-Nadia-chan too?!」

Nadia who ran out of the mansion transformed, and pointed her spear at me.

「I will not let it go your way」

While saying that, she winked at Sylvia.

And then, did Sylvia finally understood, she made a resolute face.

Well, just as usual, we entered our role-playing when we're playing games.

「Fu-fu-fu, only two magical girls huh.....I wonder if you can really stop me with just you」

「I will stop you! Right」

「U-Un. W-We shall stop you」

Unlike Nadia who's fully at it, Sylvia's a little stiff and bland with her lines.

Somehow, it's starting to get fun.

Yo~sh, I should say out my name just a last boss should.

「Listen, you magical girls. This King's name is Lucio, Lucio Martein. The world shall fall into my hands soon, I shall spread destruction and chaos」

「We will not let you do that!」

「W-We won't!」

「Fu-ha-hahahahaha」

Oh no, it's starting to get fun.

Yosh, then, we should fight for a bit.

Just like playing with my wives cutely, I searched inside my head the magic that won't let them get injured or scathed at all, and.....

「You finally started to do it」

「Eh?」

「Eh?」

「Eh?」

A hoarse voice got in between.

We got surprised, and looked towards the voice.

In there, there was the King.

The King he's looking at me—he's looking at me with sparkling eyes just like a boy.

.....eh?

「My Senjukou, you finally feel like it huh. Un, un, I have always thought that Senjukou is the one, he should be the one who would govern this world. For you to finally feel like it, I have never been so happy」

「Wait, uhmm, Ou-sama?」

「Oh, wait, I shouldn't waste time. I need to prepare supporting attacks for my Senjukou to conquer the world. See you later, my Senjukou」

「Waaa~it!」

The King suddenly came, and left just like the wind.

It was very troublesome chasing after him and explaining the situation.

Sylvia: “In the stead of manga, it’s punishment time desu~.....”

Nadia: “I’ll lead you to the rules of comics!★”

Chapter 96 – Shining Inside The Storm

「Uu~, uu~」

When I was walking through the corridor, I saw Coco who was sticking to the window.

The dog-eared girl is resting her chin and both of her hands on the window frame, she was staring outside.

「What happened, Coco」

「Ah! It's master desu~. It's raining desu~」

「Ahh, it's raining alright」

I stood behind Coco, and looked out the window above her head.

The sky is dark although it is still in the afternoon, and the raindrops were falling continuously outside the window.

「It's always raining desu~」

「Come to think of it.....it's continuously raining this month.」

I searched through my memories, remembering the weather as if I was writing the last day of the summer vacation in a diary.

Doing that, I noticed that there wasn't a clear day for almost a month.

「I want to go for a walk with Mama-sama～」

「Shouldn't you just go? There's also middle-aged men who would walk within the storms with a shiba inu dog after all—oh, I see」

I said, and remembered something.

Coco is someone who has a special physique.

She's a girl that has dog ears and soft and fluffy tail with a kind atmosphere right now, but when she gets wet, her personality and body will change, she would become a girl with cat ears that has a crisp air—she would transform to Mami.

There are a lot of dogs that wants to go for a walk even on rainy days, but in Coco's case, even if she wants to go, she can't because of her special physique.

「Uu~, uu～」

While looking out the window, she groaned.

Because she's someone who wouldn't say spoiled and selfish things, the more it is that it makes me feel bad for her.

It's stressful for dogs that can't go for a walk, so—yosh.

「I'll do something about it」

「Master will~?」

「Yeah, just look」

I advanced through the corridor, opened the entrance door and went outside.

Coco followed me. But since she cannot get wet with the water, she's looking at me inside the door.

I checked that she's there, then concentrated my magic powers.

It is the great ancient magic that uses a lot of magic powers.

「『Weather Change・Sunny』」

「Hekuchi!」

From somewhere, I heard a very lovely sneeze.

At the same time, a wormhole appeared in front of me, and the

released chunk of magic powers directly hit my face.

I'm already getting used to it.

「Balthazar.....」

「Wa~i, it's Lucio-chan. Ne~, ne~, Lucio-chan, Bal is soo bored you know?」

My fourth wife that appeared, Balthazar said something like that.

It's a reminder that says she wants me to play with her in the back of her lines, but honestly, it's not the time for that.

I feel weakness in my whole body, a malfunction occurred with the great ancient magic that sucks up a lot of magic powers.

A strong wind blows through me, the rain was piercing to my face, it's a little painful.

The rain that fell for many days, it suddenly changed into a typhoon class storm!

「Auu~.....」

Coco cried sorrowfully again.

「Walk～.....」

「Changing the weather again.....is difficult, I guess. I don't know if I can cast an ancient magic twice consecutively」

Using ancient magic one next to the other, it would take a whole lot more magic powers when it was casted the second time. And because the ancient magic right now includes the malfunction caused by Balthazar's sneeze, it is more frightening to cast it a second time.

The weather, even though it became worse, I can't do anything about it anymore.

「Thank you very much～, Master. I will just endure for today too」

Coco returned inside the mansion with her shoulders drooped and her ears and tail hung down.

「Uhh, just wait a second, it's not like there isn't any other way」

「Really～!!」

In an instant—Coco dashed, she returned.

As I've thought, she really wants to go for a walk.

「Yeah, for that——Balthazar, can you go far away for a while」

「Are you gonna use magic?」

「Yeah」

「U～n. Bal, she can endure once at the least you know?」

「Endure, you mean, your sneeze?」

「Un」

「You can do that huh.....」

Then, let's try it.

I searched for the magic inside my head, the alternative magic is only a light one, even if a malfunction occurs, I can cast it once again.

「『Waterproof』」

The light of the magic enveloped Coco.

「Ha.....ha.....haghhu!」

And on the side, Balthazar was holding her sneeze.

She endured very well, and in the end, she forcefully endured by pinching her nose.

And with all of her efforts, the magic worked normally.

「This is?」

「It's a waterproof coating, try to go inside the rain」

「Yes」

Without doubts——Coco went out of the entrance.

She was soaked by the strong rain, she got drenched in an instant.

But.

「I didn't change desu~!」

「It's a complete water proof after all」

「Yaaay! I can go for a walk now~!」

Coco was super delighted, but.

Strangely, it has now become a typhoon.

It became same as the situation I said earlier, “middle-aged men who would walk within the storms with a shiba inu dog”.

Honestly, I don't want to walk inside the storm.

「.....」

But, I couldn't win against Coco's excited eyes.

「Shall we, go for a walk then」

「Yes～!」

「Bal also, Bal will also go you know?」

Coco and Balthazar, both of them were in high spirits not minding the strong storm surge.

I pulled the lead that connects to Coco's wrist.

Within the storm, I went for a walk with Balthazar and Coco.

Chapter 97 – Hay Fever Of Fall

「Kushun」

I heard a cute sneeze.

Recently, if it's sneezing, it's Balthazar, but it wasn't the sound of her sneezing.

It's Sylvia.

Sylvia who was helping Amanda-san to fold the clothes inside the room sneezed.

「Are you okay?」

「My nose is just, a little itchy」

「Is it the cold?」

I approached her, and checked her temperature by sticking our forehead.

「U～n, you're a little hot. It's the cold after all」

「I-I-It's not, i-it is not the cold」

「Un? But, you're a little hot. And your face is red as well」

「Danna-sama」

Amanda-san opened her mouth.

「How about measuring it using magic to be sure」

「Hmm. Well, that's fine too」

It's more accurate to measure her using magic.

「『Thermometer』」

I casted magic on Sylvia, it's a magic spell that measures the temperature.

「Hmm, 36.1 degrees, it's normal」

「Yes」

「But, I felt that you were a little hot though」

I stuck our foreheads again.

「――!」

「See, you're a little hot after all」

「Danna-sama. I think that Danna-sama should believe on his

magic? It would be better if you stop measuring like that」

「That's true, magic is more accurate. I got it, I'll refrain from doing it as much as possible」

「Ho.....thank you very much, Amanda-san」

「Please excuse me for being intruding」

Sylvia said something to Amanda-san, but rather than that, it's Sylvia.

「Kushun!」

And while we were like that, Sylvia sneezed again.

「Hakkushun!」

The door opened, and Nadia entered inside.

She ran to me while sneezing.

「Lucio-ku—shun! I'll go out for a walk with Vero-cha—kkushun, okay」

「Ahh, that's fine, but. Do you have the cold too?」

「U~un, not at all? For some reason, Vero-chan wouldn't stop sneezing as well, but I think that it's just that kind of day」

「Kushun!」

「See, Sylvie too. See ya later then~」

Nadia said that, and runs again out of the room.

「Nadia, and.....Veronica too?」

I furrowed my eyebrows.

This isn't a situation that I can leave alone.

「Danna-sama」

「Un?」

「Maybe it is hay fever?」

「Hay fever? Although it's fall right now?」

「There are some people who get it during fall as well. Pollen would scatter in seasons that flowers bloom after all」

「It isn't just during the spring huh, hay fever」

「Yes. From how Oku-sama seems—」(TL: Female version of Danna-sama)

She looked towards Sylvia, I followed her and looked there as well.

Sylvia who's furrowing her brows had a runny nose.

「I think, that it is like that」

「I see. That might be so. If it's hay fever, it can't be helped then」

「Un, I'll endure it」

「Are you sure it is fine?」

「What is?」

I looked at Amanda-san, she who does not comment usually, is very talkative today.

「If Oku-samas are having hay fever, then.....」

「Then?」

What is it.

When I was thinking of that, the room's door opened again.

「Ah~, Lucio-chan's here~」

This time, Balthazar entered inside.

Balthazar who's recently not very clingy to me and goes to play here and there.

For some reason, she loves chasing after butterflies, and there's a butterfly staying on her shoulder even now.

「What is it」

「Bal, you know, she became friends with butterfly-chan~」

「I see, that's good」

「Lucio-chan can also transform into a butterfly you know?」

「Well, sometime in the future」

「Un! Let's go, Butterfly-chan」

Balthazar left the room.

The butterfly fluttered its wings and followed her.

It's an insect, but it looks like she really got along with it.

After seeing them off, I suddenly saw Sylvia and Amanda-san's expression.

The two of them were having an unsettled face.

「What happened」

「Lucio-sama, I just thought right now」

「Un?」

「Baltaza――kkushun!」

Sylvia sneezed again while she was speaking.

Her runny nose became worse, and I felt sorry for her just by looking.

「What a second, I'll do something about it right now al--」

--right?

Hay fever? Sneeze?

「.....Balthazar?」

I looked at the door where she left to.

「That is correct」

Amanda-san said with a whispering voice.

Is it, maybe.....quite terrible?

After all, Balthazar would explode her magic powers with her sneeze, and if she gets hay fever?

「There is no evidence. After all, the sneeze that reacts to Danna-sama's magic and the sneeze from the hay fever is different」

「No, it's good that you noticed. I see, sneezing huh」

「She was just born so she has not gotten hay fever yet. And, she's a Demon King-sama after all, she might not get i--kkushun!」

Sylvia added.

It was not a consolation at all, and Sylvia who was saying that sneezed again.

Somehow, I feel that it's dangerous.

I imagined it for a bit.

Balthazar who got the hay fever.

Sneezing the whole day, and every time, her magic powers directly hits my face.

「.....that, honestly, I'd hate that」

“What should I do”, I thought, about the pollen and Balthazar.

I thought which if them should I take care of if I would.

「Would it not be better if the all of the pollen removed? The other Oku-samas would be relieved as well」

「I guess so. Yosh, I'll do something about the pollen」

I said that and stood up, and just like Amanda-san has said, I'll do something about the pollen.

When I was about to walk out, I suddenly stopped.

I felt something bothering me.

I don't know what it is, but it really bothers me.

「What happened, Lucio-sama」

「No, it's just.....u~n」

What is it really.

「Kusshun!」

Sylvia sneezed again.

「Danna-sama. Think of Oku-sama's condition」

Amanda-san made me hurry. With a very serious face.

「I guess so」

I said that, and tried to start walking again—but stopped.

Amanda-san made me hurry?

The thing that bothers me became clear.

Amanda-san made someone hurry? She made me hurry?

That did not happen up until now, not even once. If one would describe Amanda-san, she's a maid-san that is strangely otherworldly and superficial.

No, there are even times when I think why is she a maid-san, she's a very mysterious beauty.

And that maid-san is making me hurry, strangely, emotionally.

「Is it.....」

I thought like that, and looked at Amanda-san.

For an instant, Amanda-san widened her eyes. It was only for an instant, but immediately returned to her usual superficial expression.

She collected her expression? Or is it just my imagination?

In the next instant, she gave me the answer.

「Fu, fu, fua.....fuakusshun!」

Seemingly unable to endure, Amanda-san sneezed.

「kkushun!fuaakkushun!!」

The recoil from holding it back up until now, Amanda-san continuously sneezed.

Her eyes and nose also gradually turned red.

「Amanda-san」

「Is there something」

Amanda-san crisply said. No, it's not “is there something”.

Looking at her face closely, her nose was flinching a little.

Is she holding it back again.

「.....pu!」

「.....」

She frowned, and glared at me.

Leaving everything aside, it might be the first time she glared at me.

I thought of it, and became more and more amused, this time, I'm the one who's holding back, although it's my laughter.

「Yosh, I'll go for a bit. I'll go exterminate the source of pollen for everyone's sake」

「Ehhhhhhh, Lucio-sama, you don't need to go that far」

「Please be careful」

Sylvia fretted, and Amanda-san had a very serious face.

「.....pu!」

I turned around, and laughed out where she can't see, and left the mansion.

While Amanda-san's cute sneeze echoing inside my head.

By the way, there was an uproar because starting from this year,

the hay fever during the fall had completely disappeared.

Chapter 98 – Young Girl Wife’s Nursing

「Hakkushun!」

When I woke up in the morning, my body felt very heavy.

My head hurts, and my sneeze and dripping nose wouldn’t stop.

I might have caught a cold.

This might be the first time that I caught a cold ever since I came to this world.

“A magic that heals the cold.....”, when I was searching for that inside my head.

「Good morning, Lucio-sama. It’s morning」

Gacha, the door opened, and Sylvia entered inside.

「Jirbia.....」

When I replied, it was a dry voice that surprised myself.

「Lucio-sama? What happened?」

「No.....hakkushun!」

「Lucio-sama!」

Sylvia ran to me in a hurry.

She stood by my side, and looked at my face.

「Your face is red.....is it the cold」

「It rooks rike it.....」

「Oh no! Lucio-sama, please stay put in the bed. Nadia-chan, everyone, are you there~?」

After making sure that I was lying down and covering me with sheets, Sylvia ran out of the room.

After a while, my four wives gathered.

Sylvia, Nadia, Veronica, and Balthazar.

It's 8 in the morning, my wives have gathered.

「This is.....it is the cold. He is very hot desu wa」(Veronica)

「Lucio-kun catches the cold too huh. It's a surprise」(Nadia)

「What should we do, his fever is high too, Lucio-sama looks painful」(Sylvia)

「.....we must make his fever go down first. I have heard from somewhere that his head must be cooled so that he would not get an headache」(Veronica)

「Lucio-chan will get defeated?」(Balthazar)

「We must make him cool so that would not happen desu wa」
(Veronica)

「What should we do other than making him cool?」(Nadia)

「Let me think.....he must take warm and nutritious food, I think」(Veronica)

「We're making him cool but we're making him warm?」(Nadia)

Nadia got surprised.

「It is something like that. Cooling his head, and making his body warm. It is the basics when one catches the cold desu wa」

「I see! Yo～sh, let's nurse Lucio-kun with everyone!」

Nadia said, and the other three nodded at almost the same time.

And to prepare to nurse me, they all left the room.

.....o

A cold like this, I could heal it with just one magic, but it might be better if I do that later.

Somehow, I wanted to see it.

I wanted to see how my wives would nurse me.

I stayed still like that on the bed, my head is a little fuzzy, and I started to get sleepy.

And from I fell asleep just like that—how long has it passed.

I felt someone's presence, so I slowly opened my eyes.

「Ah! Good morning, Lucio-sama」

Sylvia huh.

Ah, I tried to reply but my voice didn't come out.

My throat became dryer, and my voice wouldn't come out.

「I came to change the towel」

She said, and I noticed that there was a wet towel on my forehead.

「Your meal is ready, would you like to eat it」

I can't speak, so I lightly nodded.

Sylvia left the room for once, and brought back a pot while wearing a very cute kitchen mittens.

Is it very heavy, she was walking unsteadily.

Wait, wait, that way of walking is dangerous.

Is this the pattern where it would be dumped into me—.

「Sorry to keep you waiting」

I readied myself to the cliché, but it didn't happen.

Although she walked unsteadily, Sylvia properly brought the pot

to my side.

She opened the lid, and its steam came out.

It was gruel inside.

「If it's this, I thought that you could eat it」

I don't feel hunger because of the cold, but I think that I could eat this.

「.....」

“I'll eat it”, I said, but my voice almost didn't come out.

I tried to raise my body using my elbow, and seeing that, Sylvia helped to support me in a hurry.

I raised my body, and she piled up pillows to my back.

How attentive.

「.....」

I tried to speak, but my voice wouldn't come out after all.

I coughed for once, and did my best to talk again.

「Thanks」

It was a funny hoarse voice, but I said it somehow.

「You're welcome」

Sylvia said shyly and happily.

She puts the gruel in the pot to a bowl, and made me eat it with a spoon.

Fu~, Fu~, she did that for me.

After I had finished eating, she fixed the position of the pillows, and left the room holding the pot.

There weren't any happenings, rather, she took care of me very well that I feel very warm inside.

“Thank you, Sylvia.....”, I thought of that, and started to get sleepy again.

「Lucio-kun.....ah! He's sleeping」

The next time I opened my eyes, Nadia was there.

「.....morning」

Did it became better, my voice came out a little.

「Sorry, did I wake you up」

「No, it's okay」

「I see. You know, I heard that a peeled apple is good if you get a cold. I'll make it now okay」

「You'll make it now?」

「Un!」

Nadia hugely nodded. Looking carefully, there was a grater, an apple in a dish, and a spoon placed on the side of the bed.

The things that are needed is complete, and she only needs to grate it.

Nadia used the grater, and did her best to grate the apple.

Nadia has a comparatively rough personality, the way she peels it looked dangerous, and I got nervous from watching, thinking that her finger might get injured.

「Should I make it instead」

「It's okay, Lucio-kun should just watch」

Nadia said with a smile, her face was full of confidence, but the way she moves her hands is worrying.

I searched for a first aid magic inside my head so I could apply it as soon as something happens.

That, however, there was no need to use it.

Grating it to the end without getting injured, Nadia let me eat the grated apple.

Of course, she A~n-d it to me.

After eating, I laid down on the bed again, and saw off Nadia leaving taking the tools with her.

.....what should I do, I feel so blissful.

Feeling the warmth inside my chest, I felt sleepy for a while.

After a while, I felt that the towel on my forehead was being changed.

When I opened my eyes, this time, it's Veronica.

「Yo」

「Did I wake you up?」

「No, I just wake up in this period」

「Is that so」

「You changed the towel for me」

「Yes. And this as well」

「This is?」

「It is a nutritional supplement. They said that it is very easy to drink and would make you hydrated during your cold」

Although it looks like a water bottle, it has a straw.

「You made it for me?」

「You're asking me? There is no way I could make it」

「Is that so?」

「I asked a person who knows about his things and paid it with money」

It's a bit disappointing. I had expected that she made it herself.

「.....is not a woman's cooking who does not usually cook just a deadly weapon」

Veronica whispered, with a sulking face.

She probably said it to herself, but honestly, I could hear it.

.....isn't she so cute.

「I feel heavy, I can't raise my arms, so can you make me drink it?」

「——yes! Leave it to me」

Veronica became delighted, and puts the straw of the water bottle she's holding to my mouth.

I sucked it using the straw, and it tasted like a sports drink rather than medicine.

I see, if it's like this, it's really good when you're having a cold.

I drank that, and after seeing off Veronica, I covered myself with the warm sheets again.

After sleeping for a while, I woke up for the fourth time.

This time, there was Balthazar. The number one air-head, my Demon King wife, Balthazar.

Because I'm starting to feel better, this time, I'm really "expecting" that a happening would occur.

"Well then, what would she do for me", I thought of that, and faked my sleep to see what would happen.

Balthazar changed my towel, and changed the sheets.

She did it with slowly and carefully, so that she won't wake me up.

It felt very kind, so not only my body felt refreshed, my chest felt very warm, although Balthazar was moving around, and when I noticed it, I really fell asleep.

「Ha!!」

When I woke up, Balthazar was not around anymore. Instead, there was a piece of paper below the pillow, and Balthazar's cartooned face and the words "Get well, okay" was written.

Somehow.....it's the thing that made my heart delighted the most for today.

At the same time, I felt sorry.

I'm sorry for expecting happenings or clichés.

All of my wives are such a good girl.

They nursed me with different ways, and my cold was healed so fast that I could clearly feel it.

Thank you. Sylvia, Nadia, Veronica, Balthazar.

With my heart filled with gratitude to my wives, I closed my eyes once again.

The next day.

「Uu.....my head hurts」(Sylvia)

「My dripping nose won't stop」(Nadia)

「Uu.....how pathetic」(Veronica)

「Kushun! Kushun!」(Balthazar)

My wives that nursed me for the whole day, fell down due to the cold that they caught from me.

While being grateful for that cliché, I did all that I can to nurse them.

Chapter 99 – Musou Order

「It is great that you have come, my Senjukou」

In the palace's audience hall, I was called here by the King this time for the first time after a while.

「It's been a while, Ou-sama」

「Umu, umu, my Senjukou, did anything happened? Do you feel inconvenience with your lifestyle? I know, it will become colder from now on, I should give you have of the heatstones that the palace keeps」

「Your Majesty, if it is half of those that is kept in the palace, Duke-sama's mansion would become buried」

The minister on the side pointed that out, and stopped the outrage of the King.

“It's the usual combi”, I thought, and continued the conversation.

「Thanks, Ou-sama. Can I get just some of it. I'll try using it with everyone, and just ask later on if it's good」

「I see, I see. Umu, you can take them anytime」

「Your Majesty, please hurry.....」

The minister made the King hurry up from the side.

Unlike the King whose eyes were always drooping to the side, the minister is somewhat.....no, quite serious.

I would probably be asked to do something, so I prepared myself.

「Well then, my Senjukou. The reason that I called you sir, is because, I want you to do something」

「Un, if it's Ou-sama who asks. What should I do?」

「It's subjugation」

「Subjugation?」

「That is right. Do you remember about Guernica」

「Un, of course」

Veronica came from there, there's no way that I could forget about it.

The small kingdom Guernica. A country that became a vassal of the Kingdom because of financial difficulties.

Soon after it became a vassal state, the King sent me there to rebuild their economy.

A lot of things had happened, I remembered a simple thing that veins of gold not only exists in land but also under the sea, so I mined 100 tons of gold using magic, and left it in Guernica.

By the way, the value of gold is just the same here compared to the gold in the world I was before, so when I computed how much its value is when I went home, I found out that it was between 4 trillion and 5 trillion.

That is well, off the subject.

The most important thing for me was that I met Veronica.

My very, very important lovely wife, Veronica.

The best thing that happened to me in Guernica was meeting her, and taking her with me.

Something like mining gold, it is only the by-product of our date under the sea.

「What happened to Guernica?」

「A few days ago, insurgents appeared in the town called Mi Amir

in Guernica's territory, and King Guernica sent 2000 soldiers to suppress them」

「2000 of them? Were they such amazing insurgents?wait a second, isn't that a bit, weird」

「Umu, as expected of my Senjukou, it is great that you have noticed. That's right. Guernica is our vassal state, they are deprived of their military rights when they commended to us. As long as I do not permit it, they shall not be able to have soldiers, let alone mobilizing, it is preposterous」

「Of course, you didn't permit them right」

If he did, he wouldn't be talking about this right now.

The King nodded.

「Umu. They did it all on their own」

「I see」

「On top of that, I have heard that after subjugating the insurgents, they continued to stay at Mi Amir」

「.....that is also bad, right」

「It is substantially a rebellion」

The minister said from the side.

I guessed so. They mobilized soldiers without having military rights, on top of that, they're "holding" a town.

Just like the minister has said, it is substantially a rebellion.

「And so, my Senjukou. Can you go to Mi Amir for a bit and annihilate the Guernica's soldiers」

The King paused there, and stared at me.

It was an unusually serious face.

「Go on your own, and show them the might of my Senjukou」

He gave me such an unreasonable thing to do.

I was ordered to go beat 2000 enemies completely by myself.

Normally thinking, it's an absurd order, and it's better to be told to "go die".

In my case, and in the King's case.

It wasn't absurd nor telling me to go die, he literally wants me to go there by myself intentionally, so that he can brag about me.

「Un, I got it」

That's why, I nodded. I accepted what the King said, and accepted to go by myself.

Well then, 2000 people huh.

“I wonder what magic would be good?”, from early on, I already started to search for the magic I should use inside my head.

Chapter 100 – I Am The World's Strongest Because I Can Read Manga

In the outskirts of Mi Amir, on a hill that could see the whole town.

Hearing about it what happened, I accepted the King's request, but it was a more terrible situation than I thought.

And the reason for that is, from what I could see from the hill, there are 90% soldiers and 10% inhabitants in the town.

In a town or you can just call a village where the population is only a hundred and some people, soldiers has far more numbers than them.

No, this could already be called as a fort.

It's actually like a fort because the soldiers exceed the civilians so much.

「There's a lot of soldiers-san」(Sylvia)

「They're like in swarms. Do you need to defeat all of them?」
(Nadia)

「That should be done, if they were left alone, they might become another cause of trouble, and troubles should be crushed while

they are still small」(Veronica)

「Supii～.....」(Balthazar)

.....o

There are the four on my side.

Sylvia, Nadia, Veronica, and Balthazar.

My four young wives who are wearing a magical ring on their ring finger.

And, I thought like this.

“Why are they here”.

「What happened, Lucio-sama Staring at us so intently」

「Why are you here?」

I threw out my doubt straightforwardly.

The case this time, I’m the one which the King requested to.

Just 2000 people, I planned on starting it quickly, and finishing it

quickly.

But for some reason, everyone came with me. I don't know what the reason it.

「It is normal to follow. We are your wife」(Veronica)

「But, it's dangerous, the case this time」

「What are you saying」(Nadia)

PanPan, Nadia tapped my back.

She smiled with her usual dazzling expression and smile.

「Didn't we do something more dangerous. Together with Lucio-kun」

「What did we did again?」

「Uhhh, we also fought against the Demon King together.....」

Sylvia said timidly.

Hearing what she said, I remembered.

Demon King Balthazar. The ex-Demon King that follows me everywhere, and forcefully summons me to a different space to fight me.

There are several times when my wives got caught with it.

It's true, compared to that, it isn't dangerous here at all.

It's just 2000 human soldiers, the danger's almost nonexistent.

But even so, I need to do some countermeasures.

I searched for the magic inside my head.

The magic spells that I learned from reading manga that exceeded five digits.

I searched for the magic spell that is most suitable from the various spells that I learned from reading more than ten thousand books.

I did that, but.

「Then, I'll go for a bit okay」

Nadia said that and ran.

「You'll go for a bit you say, Nadia, what are you going to do」

「Transform」(Henshin)

Chu, Nadia kissed the ring in the ring finger.

The next instant, the gemstone on the ring released a light. Nadia's clothes disappeared for an instant, and changed to different clothes in the next instant.

It's Nadia wearing the magical girl clothes.

「T-Transform」

「Transform, desu wa」

Sylvia and Veronica followed Nadia and kissed their ring, and transformed into a magical girl.

The three became magical girls, they made a contract with me before.

It's a combination of several magic spells, making them transform into a magical girl when they kissed their wedding ring, and by doing that, they would be able to use one of my magic spells.

「Ittekimasu, Lucio-sama」

「Watch us okay, Lucio-kun!」

「You should stay there and drink some tea desu wa」

The three magical girls flew to Mi Amir.

After a while, I could see the three's brave scenes. Flames, Ice, and Wind, the three magical girls fought with each of their magic.

「That's amazing.....uwaa, Veronica's merciless. They're your home country's soldiers you know」

The soldiers in front of the three were defeated one next to the other. Watching from far away, it's like a rampage scene in a game.

Honestly, it has a different refreshing feeling from doing it myself.

「Supii~.....fue?」

Balthazar who was sleeping beside me woke up.

She looked around with sleepy eyes, and seeing me, she made a lovely smile.

「Good morning, Lucio-chan」

「Good morning」

「A-re? Where's everyone?」

「They're there」

I pointed to where the three magical girls flew to.

Balthazar saw that, and.

「It looks fun」

「You want to go?」

「Bal, she can't use magic so she can't do anything if she goes you know?」

「If you're worried about that, it's alright, I'll do something about it」

「U~n. Then, I'll go for a bit okay」

My fourth young wife, the current Demon King, Balthazar the Eight, ran like Tatata.

Malfunctions occur when I try to cast magic on her because she sneezes, so I have not contracted her to become a magical girl.

And that Balthazar reached where Sylvia is. I removed the magic that is casted on me.

Sylvia used magic, and Balthazar sneezed, reacting to that.

For some reason, she sneezes as a reaction to my magic.

It would be good if it ended with that, but the sneeze itself releases the magic powers of a Demon King so it has a decent destruction power.

And usually, I'm using magic so that it would be sent to me to not create casualties in the surroundings.

I adjusted that, and made it that it would go towards the nearest soldiers to Balthazar.

The Musou Character increased by one.

Balthazar sneezed towards here and there, and rampaged through the soldiers.

And I watched the scene where my four wives showed their glory.

「『Air Cushion』」

I created an air sofa, sat there, and read Grimoire.

I feel like while watching tv, read a manga during the commercials.

On the hill, I read manga, and continuously cheered on them.

In my stead, my four wives cleaned up 2000 soldiers, and it finished just the same time when I finished reading one manga.

Chapter 101 – Flower Fighter

Inside the mansion in the afternoon, when I was strolling around for no particular reason, I felt two presences in the living room.

When I peeked inside, there was Sylvia and Amanda-san.

The two of them were looking down, and from how it seems, Sylvia was doing something, and Amanda-san was teaching her.

「Yo. What are you doing」

「Lucio-sama――hya!」

Sylvia made a happy face seeing me suddenly appear, but soon after, she raised a scream while furrowing her brows a little.

「What happened」

「The needle.....it stung my finger」

「Needle」

I stood right beside her. It looks like Sylvia was doing some needlework.

There was a paper pattern, and she's making a costume using a

cloth by following that pattern.

「I will prepare the medicine box」

「Ahh, it's alright——『Healing』」

I stopped Amanda-san who was about to stand up and healed Sylvia's finger using magic.

「Thank you very much, Lucio-sama」

「Anyways, what is with this so suddenly」

「Actually, I wore this kind of clothes in my dream yesterday. The flower became the clothes itself, I mean.....when I told Amanda-san about that, she asked me if would I like to make it」

「I see」

I looked at the paper pattern, it was true that it has a flower motif.....or rather, the flower itself was the clothes.

「But, it's hard」

「Well, it isn't normal clothes after all」

「Also, it was something that came out of my dream. If there was

only something that could be used as a reference in the real world」

「A reference, I'll make you one」

Waiting in the garden for a while, Sylvia came jogging.

「Sorry to keep you waiting, Lucio-sama」

「Is that the flower motif?」

「Yes!」

The thing that Sylvia brought was a small flower with yellow colored petals.

I don't know what it's called, but it's a flower that I could usually see blooming on the roadside.

「What are you going to do with this?」

「Just look——『Flower Fighter』」

I casted the spell, and the light of the magic created that.

In short, it is a machine that is like a huge microscope.

I pointed a finger under the lens, and said to Sylvia.

「Leave the flower there」

「Yes」

「And push the blue button immediately above that」

「Like this?」

Sylvia pushed the button just like I told her to.

Gashan, Gashan, the lens made sounds, and the flower was surrounded by a light.

And finally, that changed its appearance to a small doll.

It was a doll very similar to Sylvia.

However, their appearance aren't completely the same, the doll was wearing clothes that were based on the flower.

It's Sylvia wearing magician-like clothes with the yellow flower as the motif.

「Waaaaa～」

Seeing that, Sylvia's eyes shined and took in hand the doll that was very similar to her.

「So cute. Amazing, Lucio-sama」

「It's good that you like it」

「A magic like this exists huh」

「Actually, its use is different. You would take a flower that would be used as the base, and when you push the button, the flower would be worn by a doll with the same appearance of the person who pushed the button. And then, they would be used to fight」

「Fight?」

「Like this」

I pulled out a grass around my feet, put it under the lens and pushed the button just the same.

The light enveloped the grass, and creates a doll completely similar to me.

It was a doll of me holding bow and arrow while wearing a grass

colored sleeping hat.

Because two dolls were made, a ring of light appeared in front of the machine.

After I took the doll from Sylvia, and placed the two dolls in the ring—the dolls started to move as if they came into life, and started fighting.

「Waaaa～」

「It's like this」

「Amazing, it's amazing～」

「Hmm, it looks like Sylvia's stronger」

The fight between the dolls, Sylvia was overpowering me.

Me having bow and arrow and the magician Sylvia. The fight between similar long ranged fighters ended with Sylvia's win with magic that has visual a flower storm visual effects in the end.

「Amazing」

「Well, it's like that. It's well-made as a doll so you can use it as a reference to make clothes——」

「Can I call everyone and play together, Lucio-sama!」

Sylvia asked me with sparkling eyes.

It seems like she had lost sight of the objective at first though.

「Ahh, call them」

If my wife would get happy, there was no need to remind her that.

「I found a flower with Coco, Sylvie」

「I will use this」

「Oh~, isn't that drokba. That's perfect with Sylvie's image」

「I wonder what would happen」

The two placed the flower on the machine and pushed the button in order with very excited faces.

Nadia became a character that was wearing a pumpkin hat, and Sylvia became one with an armored look with blue and white base

color.

For some reason, although it was an armor, the back was fully exposed.

The two characters fought inside the ring. It was a one-sided match and Drokba・Sylvia won.

「I lost」

「Bal also picked one up you know?」

「Hacchan, that's not a flower but a mushroom」

「.....? Mushroom, cannot be used?」

「U~n, it can't?」

Nadia tilted her head and asked me.

「It's alright as long as they're plants. I can't guarantee what would come out though」

「Then, I'll put it in」

She put it in the machine, and pushed the button.

The light enveloped the mushroom, and the one that appeared was a doll wearing overalls and plumb—.

「Shoooot!」

I grabbed that with the speed of light and threw it far far away.

「.....? What is it?」

「Forget that just now」

「.....? Un, if Lucio-chan says so」

I'm saved since she's very obedient. I almost made an enemy of the strongest legal department.

「Lucio, is this alright」

This time it was Veronica. The thing that she brought was a violet colored flower.

「Isn't it alright?」

I don't really know but nodded for the meantime.

「Vero-chan, Vero-chan, I think that you should stop using that」

But, Nadia gave an NG.

「Why not?」

「Because, seeing the trend up to now, the movement of the doll would change according to the characteristics of the flowers used right?」

「Yes, that is right」

「That's why I think that you should stop using that okay?」

「I cannot understand. For the meantime, I will use it alright」

Veronica placed the violet colored flower into the machine. Nadia was saying “ah～ah～, I reminded you okay～”.

What was it all about?

The thing that appeared from within the light was Veronica wearing a violet nightdress.

Rather than the Veronica right now, it was standing bewitchingly, more similar to the original Veronica.

「Ara, isn't that good」

「I guess so」

It matches Veronica's air, and what remains is just its strength.....but the next instant that I thought of that.

A honey bee came out of nowhere and when it passed in front of the Veronica doll.

Pakkun

A tongue came out of the Veronica doll's mouth with the speed of sound and caught the honeybee, pulling it into its mouth.

It was predated.

Veronica got stunned.

「Ah~ah~, that's why I told you」

Nadia said with a wry laugh.

「That violet flower, it's pretty but it's a flower that uses the sticky thing on its tip to catch insects, melt, and eat them」

「.....it was a carnivorous plant huh」

Veronica started to tremble and shouted with teary eyes.

「――!! I-It's alright as long as it's strong desu wa!!」

She said with half despair.

By the way, the insect eating Veronica lost to knight Sylvia.

And just like that, my wives searched for different kinds of plants, made them dolls, and let them fight.

The Drokba・Sylvia that has a knight appearance had an unexpected strength although it was found at the beginning, and it was almost undefeated having consecutive fights and consecutive wins.

My other wives challenged that, and Sylvia herself challenged it with a new flower that she found.

「Lucio-chan」

「Oh, it's Balthazar next, huh.....」

I turned around and couldn't help but lose my words.

Balthazar returned. She returned with a huge number of flowers

on her overly long sleeves.

「That is?」

「Bal, she did her best to gather them you know?」

「No, I know that you did your best though」

「Let's go～」

Surprisingly, Balthazar placed all the flowers into the machine, and pushed the button.

Gasha, Gasha, Gasha, Gasha, the lens made more sound than usual.

「I-Is it alright?」

「I-It would not get broken right」

Veronica got afraid, and Sylvia asked me nervously.

Who knows, what would happen in this case?

After taking longer time than usual, the Balthazar doll came out.

Everyone——everyone excluding Balthazar held their breath.

Balthazar the Eight——the existence that one would want to call that with awe was there.

First, it was not my wife Balthazar that was there, but the adult version Demon King Balthazar.

And as if to surround it or maybe protect it, the things made out of plant tentacles were squirming.

It was fantastic, it was dreadful.

Something like that was created.

「Wa～, amazing～」

The person in question, Balthazar, was very delighted.

「To think that something like this would be made」(Veronica)

「It looks like, it's an irregular」(Sylvia)

「It's an irregular. No, in some meaning, it's just fitting, huh」

Balthazar, she's a Demon King after all, if you ask me, this also suits her.

「Ah, the drokba Sylvie got caught by the tentacles」

「This is—it isn't a scene that can be shown to kids huh」

「Bal, she's good at ryoujoku you know?」

「Kyaaaaa! Don't look, please don't look!!!」

My wives watched the grotesque scene peacefully. (They're married so they're already adults)

It was another peaceful day in the House of Martein.

Chapter 102 – Magic Powers That Exceeds Lucio

「I'm back～. Uu～, it's so cold」

Nadia who came back from outside was continuously rubbing her palms.

It's true that the temperature today started to drop from the morning, and the temperature right now is cold even if long sleeves were worn.

「Ah! It's Lucio-kun. Kyahhoii～」

As soon as Nadia who was passing by the living room saw me who was reading manga, she hugged me very quickly, almost as if she dove.

「U～n, Lucio-kun's so wa～rm」

「Is that so. It looks like it was quite cold outside」

I pushed my palm on her cheeks. Nadia's cheeks were soft and cold.

「That's right you know. Is there anything interesting, I mean, I just strolled around but it was just cold」

「It's already fall after all～」

「Yes, it's like that when I noticed it～. The summer this year was so long so I got a little off guard」

While saying that, Nadia rubbed her cheeks on my arm.

Did she get warm with that, she showed me her usual very cheerful smile and said to me.

「Ne～, Lucio-kun, do you have something that can make it warm?」

「Hmm」

I put the manga I was reading on my lap, and searched for magic inside my head.

And then, I remembered something.

The search range reached out to things other than magic, and I remembered something that was nostalgic.

「This is?」

「It's called a kotatsu」

「Kotatsu? It only looks like a table with beddings on it though」

Well, that's right.

The thing that I asked Amanda-san to bring in the living room was just a normal low table, and a futon was just covering it.

Specifically speaking, with the state it is in right now, it's not yet a kotatsu.

「『Keep Warm』」

I casted the magic, it's a magic that raises the temperature and keeps it warm.

A low table covered with futon, a source of heat that would make it warm was added to that.

「Oh~, it would become a kotatsu with that magic right now huh~」

「No, not ye」

「Hoe?」

「Danna-sama」

Amanda-san came.

As ordered, our house's excellent maid brought a dish full of orange-like fruits.

「Is this all right」

「Un, it's perfect. As expected of Amanda-san」

She could not tell what an orange was with just its name because it was probably called differently here, so I asked her to prepare something that looks similar, but it looked exactly like an orange.

Those were placed in the middle of the table.

「With this, it's complete」

「Hoeee～？」

「Now, let's go in」

I entered first. Seeing that, Nadia copied me and entered the kotatsu.

「Oh~, this is very warm!」

「Told you. We can relax with this」

「Un」

Me and Nadia, the two of us entered the kotatsu.

Nadia flipped the beddings and peeks under the kotatsu, laid on her back, lie on her stomach, she did many things.

She peeled the orange-like thing and ate it, and finally, she started to get sleepy while under the kotatsu.

And while she was doing all of that, I was reading Grimoires.

It was an interesting manga that introduces different kinds of husband and wives, but it was relatively fun.

Our house might be such an interesting husband and wives that appear in this manga, but when I was thinking of that.

「This is bad, Lucio-kun!」

Nadia called out to me with an urgent voice.

「What happened」

「I want to go to the toilet!」

「Un」

「I want to go to the toilet!」

「Just go then」

「I can't come out!」

「Ah～」

I grinned, curving my lips.

「It's very hard to escape from the kotatsu after all～. Well, do your best～」

I cheered on her with a leisure voice.

Nothing can be done with this. It is a natural thing that one would not be able to get out of the kotatsu, it is something that I cannot do anything about.

The only thing that I could do, is just to cheer like what I did just now.

「Ku! As expected of Lucio-kun's magic. To think that it would make me unable to escape once I entered!!」

It's not my magic, but Japanese wisdom though.

「Kuuuuu, mumumumu.....well, whatever~.....」

It looks like it was not(?) something that needed urgency, Nadia thought deeply about it for awhile, and gave up as a result, choosing to remain in the kotatsu.

「Nadia-chan, you're groaning, are you alright?」

「Ara, what is this?」

Sylvia and Veronica came at the same time.

「*Niyari*」

Ah! A villainous face.

Nadia's shining smile shined.

And, after about an hour.

「I-I cannot go out~.....」

「You tricked us!」

Sylvia and Veronica were the same, they got caught by the kotatsu.

「Ahahaha~, it's amazing right~, Lucio-kun's magic」

「Un, as expected of Lucio-sama」

「Placing beddings over the table, and make it warm. Similar with the date in the sea, you really have great imagination as usual」

No, that's why I'm saying that this isn't my idea, but the invention of the great predecessors.

Well, I won't say it though.

「Ah! It's Lucio-chan」

And, around an hour of being late, my fourth wife Balthazar came with light footsteps.

「Oh~, Hacchan, you want to enter the kotatsu too?」

「But, it's already full」

Sylvia whispered with distress.

It's true that it's full.

It's a low square table, normally, it's a kotatsu for four.

Me, Nadia, Sylvia, and Veronica.

It's full with this.

And everyone got caught by the kotatsu and cannot go out.

Meaning, Balthazar cannot enter.

“What should we do”, my wives got troubled.

「Bal, she's cold you know?」

「Ou」

「Lucio-chan should make her warm okay」

She said that, and didn't mind the kotatsu but instead, hugged my arm.

「「「Ah」」」

The three raised their voice at the same time. “There was that”, was written on their faces.

「Supii～」, Balthazar who was hugging my arm started to sleep almost without a moment of pause.

Oi oi, are you Nobita-kun or something.

「That looks good.....」

Veronica whispered, and at the same time, I felt like I heard the voice 「Ha!」.

Sylvia, Nadia, and Veronica.

The eyes of the three changed to that of a predator beast. Unlike the kotatsu, my arm has only one open.

I’m reading manga, but there was a case that when my both arms were being held, my wife would turn the pages for me.

It isn’t a problem that I’m reading manga, my arm was open after all.

“Would a competition happen with this”, I readied myself, but.

「Uu~.....I can't go out.....」

「Ahh really! You stupid kotatsu~」

「Ku! The chance is right in front of me」

The three lamented at the same time.

.....they want to stick to me, but it's impossible because they can't leave the kotatsu, huh.

.....pu!

I couldn't help but laugh out.

In the end, after that, no one was able to leave.

My other arm remained vacantly lonely until the very end.

The magic powers of the kotatsu, it cannot be underestimated.

Chapter 103 – Wives Making A Doujinshi

「Lucio! Please give me the magic that draws a picture!」

When I was reading Grimoire/manga in the garden under the clear weather after a while, Veronica came rushing.

「What happened」

「It is not what or whatever. Please give me the magic that will make me good at drawing」

「.....you're not good at drawing?」

「Uu!」

Gulping, Veronica regained herself.

It was written on her face that she came to ask me for magic but didn't think that I'd point that out.

「N-Not like that. I-I am average」

「Average?」

「Yes, average」

「Hmm～. Show me what did you draw」

「That does not mat――」

「It's here～」

Nadia who suddenly appeared, she had a piece of paper with her.

「Here, Lucio-kun」

「Let me see.....」

I received the paper from Nadia, and looked at the drawing.

Mu, this is.....is it.....

「A crushed dragonfly?」

「It is Lucio's face desu wa!」

「What, this is my face you say!」

I couldn't help but shout.

「Ahahahahahaha!」

Nadia laughed out loud. Looking at her at the side, I stared at the drawing.

My face.....my face.....

「Veronica.....is it that, you hate me」

「It is not like that! I love you desu wa!」

「Oh~, Grinning」

「T-That does not matter! Give me the magic that would make me good at drawing!」

Nadia who was smiling mischievously, and Veronica with a flushed face.

She asked for the magic once again.

「I see, I got the story」

「Good――」

「Did Nadia not draw?」

「I did～」

She took out another piece of drawing with a face full of smiles and passed it to me. She waited for my comment with a smug face.

「This is me, and this is Nadia. Veronica, Balthazar, and Sylvia. Complete with everyone huh」

The drawing was far better compared to Veronica's. It was a drawing that is corresponding to an 8-year-old's, but it was on the level that its model could be distinguished.

「Un!」

「Is it just me, Sylvia looks better」

「I can draw Sylvie's face even if I don't see her you know」

「I see」

As expected of best friends huh.

「Is there other ones?」

「Fufun. Jajaja～n」

Making sound effects with her mouth, she took out another

drawing.

「It's Sylvie's you know」

「Let me see—oh, looks good!」

The drawing that Sylvia made was super good.

With stars shown like those in shoujo mangas, a well proportioned super handsome man was drawn.

「Sylvia's amazing huh. She might be able to draw manga with this. What character is this?」

「Eh?」

「Eh?」

Nadia became dumbfounded, and I became dumbfounded.

And there, Veronica said with a sigh while rolling her eyes.

「What are you saying? No matter how you look at it, is that not Lucio」

「I'm this super tall handsome guy?! This guy could be like the student council leader or some super cool businessman or

anything」

「I do not know what student council leader or anything is, but」

「That is really Lucio-kun」

「Are you serious.....」

I looked at it once again, the background was shining.....it was completely a shoujo manga's omnipotent ikemen.

「Are you serious.....」

I whispered once again.

I regained myself from the strange shock, and ask furthermore.

「Where's Balthazar's?」

「Hacchan wasn't around so she did not draw」

「Not around?」

「Yes, she is probably somewhere――」

「Bal, she's here you know?」

「『Uwa!』」

The three of us got surprised and raised our voices at the same time.

Balthazar came suddenly, and hugged my waist.

「Hacchan, where did you go?」

「To find new butterfly friends」

She reached out her hand, the purple colored butterfly that was there fluttered its wings and flew away somewhere.

「I see. I searched for Hacchan you know」

「It might be better if we start searching in places where butterflies are」

「Bal, you searched for her?」

「Un!」

Making a shining full smile, Nadia explained what was going on with a happy face.

「Lucio-chan's portrait.....」

「Hacchan wants to write too?」

「Un!」

Balthazar made a huge nod.

Nadia trotted to somewhere, and trotted back.

Receiving the paper and pen, Balthazar started drawing crouching to the ground.

Nadia and Veronica watched her by the side.

It looked pleasant, and I felt a little good.

I read the manga that I was reading until the end. And while I did that, I searched inside my head for the magic that would probably be needed very soon.

「I finished it」

「Oh～」

「This is.....amazing」

It looks like she finished drawing.

「Lucio-chan, Bal properly draw it you know?」

「Let me see it—hey, isn't this an ukiyo-e!」(Picture of everyday life in the Edo period)

I couldn't help but tsukkomi.

What Balthazar drew was like an ukiyo-e. I couldn't really tell it, but from how the clothes looked, it's probably me.

「Hacchan's amazing, it completely looks like Lucio-kun」

Eh?

「Ehehe~.....Bal, she's confident when it comes to Lucio-chan you know?」

No, I think it would be better if you can be confident about other things.

「I really hate to say this, but.....I lost by a thin line」

No, Veronica's drawing is out of the question.

「Ne! Let's draw some more. I mean, isn't it only me who drew everyone. Lucio-kun's good, but let's make everyone」

「Draw something other than Lucio-chan? Bal thinks that more Lucio-chan, motto Lucio-chan is good you know?」

「That is good as well desu wa」

「I know! Let's collect it after drawing and make it a book」

Please stop the book.

Not minding my calls, the three left gleefully.

Even Veronica, she forgot the reason why she came in the first place, and left happily.

I thought of many kinds of magic, but it looks like it wasn't needed.

My wives looked like they were having fun, so I leave it like that.

The House of Martein is also peaceful today.

Chapter 104 – The First Chu

On this day, I came to the town together with Sylvia.

It was not like we have some errands, but something like a date.

We entered a cafe on the corner, and spent time leisurely with the two of us.

「Today's weather is good as well huh, Lucio-sama」

「The rainy days just a while ago was like a lie」

「It is almost winter.....Lucio-sama, what color does Lucio-sama likes?」

「Color? I pretty much like green, but why are you asking that」

「I, I am thinking about knitting a muffler. Will Lucio-sama wear it after I finished knitting it」

「Of course. I'll look forward to it」

「Yes!」

With those words, Sylvia made an excited face.

My first wife, Sylvia. Sylvia who is the most homely and lady-like.

Looking at her, it makes me want to give her a lot of things.

「Well then, let's go somewhere」

「Somewhere?」

「Yeah, let's go for something like a date. Let me think, hmm, like a place where adults go」

「Yes」

Sylvia made a peaceful but pleasant smile.

I casted magic on her.

A magic that I have used many times.

「『Fake Growth』」

「Kushun!」

In an instant, an explosion that I didn't expect attacked my face.

The explosion that attacked an instant after the sneeze, I was somehow able to block it by using magic.

「Geho! Geho! B-Balthazar huh」

「Wa~i, it's Lucio-chan」

She hugged me around my waist. My sight returned, it was Balthazar as I've thought.

The one that calls me Lucio-chan, the one that reacts to my magic, the one that releases magic powers on the level of a Demon King.

It is only one in this world, it is Balthazar.

「What happened」

「When I was walking around, I smelled Lucio-chan so I came」

「Smelled huh, are you a dog or something」

「Bal, she's not a dog but a Demon King you know?」

「I know」

Demon King Balthazar the Eight, that is her identity.

「Fuu～」

「Uwa!」

I got surprised, a breath was suddenly blown to my ears.

The warm breath surprised me that I almost jumped up.

When I turned around, there was Sylvia.

It was Sylvia who became an adult with the magic『Fake Growth』.

It was an appearance that I saw many times, but she seems strange.

「Sylvia?」

「Fufu.....what is it, little boy」

「Little boy?」

「Hey~, little boy, you want to do “good things” with big sister?」

「.....what are you talking about, Sylvia」

「Oh really, why won't you play along」

The adult Sylvia sulked.

「A-re, a good guy」

「Hey, Sylvia?」

「See ya later, little boy, let's meet again if fate wills it」

「Wai——」

Sylvia made a throwing kiss, and left.

I tried to chase after her, but Balthazar is hugging my waist and I wasn't able to.

「What happened to Sylvia. 『Fake Growth』should be a magic that only changes one's appearance」

「Is that so?」

「.....I see, the sneeze right now huh」

Looking at Balthazar who was clinging to me, I understood.

I don't know what the reason is, but when Balthazar is around when I use magic, she would react and sneeze.

And it is not just an ordinary sneeze, but one that would make my magic itself malfunction.

The thing that happened right now is exactly that. 『Fake Growth』, the magic that changes one's appearance malfunctioned, and it seemed like it even changed Sylvia's personality.

I mean, isn't this bad?

Making reasons, I left Balthazar at that place, and chased after Sylvia by myself.

After all, even if we chased after her together, I can't return her using magic if Balthazar is around.

And just like that, when I was searching around the whole town

「There she is!」

I found Sylvia.

With her adult appearance, I couldn't believe it, she was with

Isaac.

「Well then, close your eyes～」

「Y-Yes!」

Seduced by Sylvia in her adult version, Isaac reacted nervously like a virgin, and closed his eyes just like she told him.

「Squeeze your lips like, n～」

「n～」

He squeezed out his lips reaching them out. They were lips for kissing.

Hey, don't tell me—.

「nggggu!!」

But when I thought of that, Sylvia plunged a small bottle that she took out from who knows where into Isaac's mouth.

The opened bottle emptied its contents into Isaac's mouth.

「—!!! Ho-ho-hotgehohogehoegeho!!」

「Ahahahahaha」

Seeing Isaac crouching down while holding his throat, adult Sylvia laughed out loud.

I mean.....isn't that, a bad woman.

While getting relieved, and feeling sorry for Isaac who was played a trick.

「Ah!」

When I noticed it, Sylvia once again disappeared to somewhere.

I continued to search around the town to find Sylvia.

The sun eventually went down, and the town was dyed with the color of the sunset.

「There she is!」

I finally found Sylvia. She was walking around with light steps, and looking around as if she was searching for something interesting.

「Syl――」

「Sylvie――」

Before I called out to her, a girl that I'm familiar with approached Sylvia.

It's Nadia. With just a look, she found out that it was her best friend Sylvia, and approached her.

「Ara」

「Sylvie, what happened, why do you look like that. Weren't you on a date with Lucio-kun?」

「No, that's wrong」

「He～. How rare, Sylvie would walk around alone looking like that huh. I know, I'm going on a shopping right now, Sylvie, you want to go too?」

「Ufufu, rather than shopping, let's do “good” things?」

「Good things?」

「Right. “Good” things」

Sylvia winked. That appearance of hers was very sexy.

「What good thing—nn?!!」

To the sudden thing, Nadia widened her eyes, and I was also surprised.

I couldn't believe it, Sylvia bowed down, and suddenly kissed Nadia.

Adult Sylvia and child Nadia.

But even so, it is between girls, the kissing scene let out an indescribable dubious atmosphere.

「*Gokuri*」

I couldn't help but swallow.

「Puha～」

「W-W-W-Wha」

「Fufu, gochisousama」

「What are you doing, Sylvie, suddenly kissing me. Even Lucio-kun have not done it to me」

「Ara, then isn't it good. Thinking that it would be a good practice」

「I can't think like that～. Hey, Sylvie」

「Ahahahaha」

Raising both of her hands, Nadia chasing her angrily, and Sylvia running away from that Nadia.

I saw a good thing, so, the House of Martein is also peaceful today.....I think.

Chapter 105 – Trick Or Treat

「Ohh, you were here huh, my Senjukou. I searched for you」

「Ou-sama」

When I was reading Grimoires inside the Grimoire Library, the King came.

Spreading both of his hands, he approached me with an overreaction.

「It has been a while, my Senjukou. Were you doing good?」

「Un. All thanks to you. Thank you, Ou-sama, increasing the Grimoires again」

「What, do not mention it. This much is nothing if it's for my Senjukou. And, the Grimoires would also be happy if they are with someone who could read them」

「Un, thank you」

「Even so, it has become narrow huh, this library. That's right, let's expand it soon」

「Please do」

I honestly said that.

It's the King that runs wildly usually, but unusually, he's decent today.

In this world, one needs to read Grimoires to learn magic. And those Grimoires, for some reason, their contents are manga.

And in addition, for some reason, there are only a few people in this world who could read it, and even if they could, it would take years of time to finish.

But, I could normally read it, and an hour is enough to read something like a manga.

Thanks to that, I became the only one in this world who could learn magic so easily, and at the time I met the King, I already learned thousands of magic, so I gained the status of a Duke, and started to be called as Senjukou(Duke of Thousand Spells).

By the way, I have already learned more than ten thousand, but it is still Senjukou.

And the King that gave me that name really liked me, but collects Grimoires from all over the world for me.

And those Grimoires couldn't be placed in the library anymore so

expansion is needed.

「My Senjukou, what Grimoire are you reading right now?」

「It's Trick or Treat」

「Trick or Treat?」

「You don't know about it?」

「Umu, those are words I hear for the first time」

「Is that so」

The manga I'm holding has a Halloween theme. That's why I thought that there's also Halloween in this world so I told the King "Trick or Treat", but he said that he doesn't know about it.

Is it just that he doesn't know, or is it that it doesn't exist in the first place.

.....well, leaving that on the side.

「Should I use the magic and show it?」

「Umu. My Senjukou, please show me your magic」

「『Trick or Treat』」

I casted the magic on the King.

The light of the magic enveloped his whole body, and changed his clothes to that based on a pumpkin.

「Ohh, my clothes changed」

「Un」

「Is it a magic that changes appearance?」

「U~un, that's just a bonus. The person who had been casted on by this magic would be played a trick if they don't give the one who casted the magic some treats. There's many kinds of tricks, but it's random what's going to be done」

「Hou」

「In the Grimoire, the children wearing those clothes come, and ask many kinds of people for treats. It's that kind of a festival」

「I see. Tricks would be played to those who don't give treats.

Umu, it is a festival after all, one wouldn't be so unkind to not give children treats」

The King immediately understood the Halloween.

「Then, Ou-sama, Trick or Treat」

This time, not the magic, but just the phrase for asking.

The randomness of the tricks is really bad, so I need to be given some treats.

「Ohh, that's right. Wait for me, my Senjukou, I shall immediately gather all the treats in the kingdom」

「Ehhhh, I-I can't eat that much——」

「Just wait for me!」

And just like that, without leeway to stop him, the King ran out of the library.

It was the usual extreme King, he might really gather all kinds of treats in the kingdom.

Maybe I should call Sylvia and the rest. Eating treats tastes better with everyone.

But when I was thinking of that.

「Ohh, Lucio」

This time, Ojii-san came.

「I met with Abe just earlier, but he ran away very quickly. Did something happen?」

「E～to」

When I explained about the magic to Ojii-san—I felt something bad's happening.

「What, a magic like that. Lucio, would you cast that on me as well」

As I've thought.

The two would always compete with each other at everything, I thought that Ojii-san would definitely do what the King would do if he knew.

And, I also thought that it's useless to stop it.

「Okay, 『Trick or Treat』」

Ojii-san also changed into a Halloween costume with pumpkin as a base.

「Ohh, this looks very fun」

Ojii-san looked at his own appearance.

「Ojii-chan, if you don't go and bring me treats, you'd get tricked you know?」

「That is alright. Here」

He said that, and reached out a small packet. I took it, and opened it.

Inside was candies of various colors.

「What's with this?」

「I made it. I made it to past time, but it unexpectedly looked good, so I came to give you some」

「I see」

「Sorry to keep you waiting, my Senjukou—mu! Isn't it Luka」

「You're late, Abe. It's my win this time」

「What!」

The King came near, but looked at Ojii-san and the candy I'm holding alternately.

「Ku! This is cheating, Luka」

「It is you're fault taking so much time」

Ojii-san snorted smugly, and the King that was like “Gununu.....”.

「Yosh」

He stopped the “Gununu”, and the King became resolute of something.

「I shall not give the treats」

「What?」

「I have lost with the treats, but I shall come back with the trick」

「.....ku! There was that huh」

Ojii-san became frustrated. No, what's “that”.

「Just look there, Luka. This is! My Senjukou's! Trick!」

As if to bring out some kind of a killer move, the King raised both his hands to the sky.

In the next instant, light enveloped the King.

Ten minutes, that time limit of the magic came.

The light that was so bright that it couldn't be looked at straight, gradually weakened.

I wonder what kind of trick it is? The『Trick or Treat』's tricks is random, and even me who used it doesn't know what it is.

I swallowed down, and looked what would happen.

After the light dissipates, the King transformed.

He transformed to a very cute twin-tailed bishoujo with a bright smile.

「What, it's like this. Hmph, something like this isn't a trick」

That's right, the nyotaika King said, but.

「.....poっ」

I heard a disgusting sound from beside me.

It was a repulsive sound, one that I wish I would not find out.

I brought out my courage, and looked to the side. And there, there was Ojii-san with a red face.

「How pretty」

「Eh?」

「Please go out with me～」

Ojii-san suddenly jumped to the King.

「Kyaaaaaa!!」

The nyotaika King was pushed down to the ground.

It was really, repulsive. I couldn't watch them.

I couldn't watch it, so I did my best, and pulled away Ojii-san from nyotaika King who was about to be played some sexual tricks.

Chapter 106 – PE~RU~SE~U~SU

「My Senjukou, there is something very important I would like to ask of you」

Afternoon, the King who came to visit my mansion had a serious expression.

The way he calls me “My Senjukou” was just as usual, but for some reason, there was the air of “working mode” around him.

「What? Would I be of help?」

「Umu. Actually, recently, the nation’s people are dissatisfied. And when I demanded to search for the reason, it was found that they were dissatisfied about entertainment」

「Entertainment?」

「That’s right. Our kingdom has the traditional coliseum, and although fights between gladiators are held, their popularity has declined. But even so, there is nothing that could replace it. Because of that, the dissatisfaction increases」

「Aryarya. Un, entertainment is important. If the gas isn’t let out properly, it would be really bad if there’s a big explosion. Entertainment is the most important thing after food after all」

「As expected of my Senjukou, your knowledge as a statesman is perfect as well. Umu, that is right. That's why, my Senjukou, do you have something good in mind」

「Should I take care of it using magic?」

「That is also good, but」

Saying that, the King looked straight towards me.

His eyes were saying, magic is also good, but a proper idea would be better.

Recently, the image of a strange King is completed inside of me, but he's really a King after all huh.

「U~n, let me think. How about some baseball?」

「Beisbol? What is that?」

The King tilted his head.

In the mansion's garden, me, the King, and Nadia.

「Only Nadia's around?」

「Un, Sylvie and Vero-chan and Hacchan, all of them went out～」

「U～n. If possible, I wanted two people」

「My Senjukou, is that Beisbol something that two people do? Just like duels」

「U～un, it's done 9v9 with 18 people.....『Avatar』『Fake Growth』」

I continuously used two magic spells.

The light of the magic enveloped Nadia, and in an instant, she split into nine people.

They are about have the size compared to the original Nadia, and they are wearing a baseball uniform showing their blinding thighs.

That, 9 of them. All of them are holding gloves, and one of them has a catcher's appearance wearing protectors.

「Like this, it's 9 people per team」

「Hou」

「It's alright to increase Nadia by 9 again, but it would be very hard to look at, so」

「Well then, I will――」

「Please leave it to me, Danna-sama」

Amanda-san was there when I noticed it.

Wearing her maid clothes, she appeared like a ninja.

「Amanda-san!」

「Please let me help you」

「Un. Can I ask you that, Amanda-san」

「Yes」

「Then, I'll cast the magic――」

Doron, it sounded.

Soon after, Amanda-san became nine!

While wearing maid clothes, she split into 9 in the same size with Nadia.

Holding gloves, and the catcher wearing protection.

「Is this alright, Danna-sama」

「U-Un. Amanda-san.....those clothes」

「It is the maid's etiquette」

「It's the maid's etiquette huh～」

It cannot be helped then～.

I thought of not minding that thing about Amanda-san.

「Then, I'll explain the rules okay」

Leaving it like that, I explained the baseball's rules to the 18 Amanda-sans and Nadias.

The match started in the mansion's garden that I quickly turned into something like a grass lot baseball park.

Nadiaz are batting first, and Amandaz are batting second.

Number 1 Nadia stood in the batter box.

「Watch me, Lucio-kun! I'll do my best okay」

Holding her bat, Batter Nadia winked towards me.

「Do your best～」

「Un!」

「Oku-sama.....here I come」

Amanda-san said that, swung.....she threw it!

--hey, isn't that an underhand throw?!

Amanda-san threw the white ball just a few inches from the ground.

With her beautiful form, the baseball raised.

Why do you know something like that?!

「Yaa!!」

Nadia swung the bat. Gakiin!!

She hit it squarely, and the ball exceeded the infield and fell. It was a clean hit to the left.

The first batter Nadia immediately ran.

「Ne~, ne~, Lucio-kun, in times like this, I should do “that” right」

The number 2 Nadia came to me, and asked for advice.

I patted chibi Nadia who became lovelier, and nodded to her.

「Yeah, the second batter’s job is “that”」

「Un! I’ll go now okay」

Number 2 Nadia entered the batter box.

Runner Nadia is in the middle to steal a base, and with a bound hit, the runner advanced to the third base.

Number 3 Nadia hit the baseball to the outfield becoming a sacrifice fly, and the runner returned earning a point.

BY the way, number 4 Nadia was three out strike became there wasn’t any runner left, shouted “So frustrating!” while she broke a bat with her knee.

「Fumu, this is quite fun. Beisbol, was it」

「Un. It's very fun you know. There's a lot of strategies, and just like how it went right now, the 9 of them has different kinds of roles, and the game is to compete for taking points」

「I see」

「The roles aren't limited to 9, there's also exchange players so you can do a lot of things」

「Fumufumu. Oh! That's huge」

「Un? Ah! Amanda-san hit a homerun」

They exchanged offense and defense, and Amanda-san immediately hit a home run.

The white ball disappeared into the sky far away, and Amanda-san ran a lap in the diamond.

She's so dignified~.....

「Fumu, that appearance looks great. Running alone while all other players stopped」

「Ou-sama, you have the makings of a baseball player. Un, that's right. Going through a lap in the diamond after a home run is the coolest appearance in baseball」

「I see. Umu, this might be good」

「You liked it?」

「Of course. As expected of my Senjukou, to know such an amazing game」

「I'm happy that you liked it」

「Let's immediately spread this. I know, let's open a competition. Let's open the first Senjukou Cup, and appeal it to the people extensively」

「Eh, my name」

「Of course. In times like this, authority must be shown properly. The best right now is the Senjukou Cup taken from my Senjukou's name」

It's like Emperor's Cup. I feel ticklish.

「The open.....let me see, a month later should be go——」

「I have heard the story!」

I heard a voice from behind.

When I turned around, there was Ojii-san who came without me noticing.

「Luka?!」

「Abe, that Senjukou Cup, I shall participate」

「It is not good to spoil it by having old men」

「Have you forgotten, Abe. Although I look like this, I am a man of means. Even now, I am sponsoring some gladiators」

Eh?! Was that so.

「It is very easy to create a team with 9 people」

「Mu! If you mean it like that, then I cannot lose. I have only intended to organize it but hearing that, I need to create a proper team and participate」

「That is just as expected of Abe. However, a competition with Lucio's name, I cannot yield its laurel of victory」

「Those are my words. It is my Senjukou's competition, it is me who shall win」

「If so, it shall be a match」

「Let us meet in the competition next month」

The two of them glared with scattering sparks. For some reason, it became decided when I noticed it?

「I cannot be wasting time」

「I shall immediately gather promising young men!」

Saying that, the King and Ojii-san left.

Somehow.....they look like they're having so much fun, un.

In the garden where the two left, I watched Nadia and Amanda-san's match, and cheered on them.

After this, because of the「Fourth Batter」and「Hit Pinch Hitter」death fight, baseball spread to the whole country, and became very popular.

Chapter 107 – Even I Who Cannot Read Light Novels Is The World's Strongest

「Fire Ball!」

When I was reading Grimoire in the garden, magic suddenly came!

I instinctively created a magic shield and blocked it.

「An enemy?! —hey, isn't it Nadia」

「Ehehe～」

Nadia smiled very cutely showing her bright teeth. She was the one who shot the magic that I blocked right now.

Smoke came up from my hand that I used to block, and my other hand is holding a book.

I put down my hand, and ran to her.

「What happened. Did you read a Grimoire?」

「Un! How was my magic?」

「I'm surprised. Amazing. I heard you say Fire Ball, but isn't it much stronger than normal ones?」

「Hehe~, it's thanks to this Grimoire」

Saying that, Nadia showed me the Grimoire.

「I see—-a-re?」

I couldn't help but look at the Grimoire a second time.

If it's Fire Ball, I can also use it. I have also read its Grimoire.

I can remember most of the Grimoires that I read, so I felt something weird.

That Grimoire, it looks like one that I never have seen before.

「It's different from the Fire Ball Grimoire that I know」

「Ah! You noticed it?」

「Noticed? What do you mean?」

「Uhm, you know. This, it's called New・Grimoire that appeared recently」

「New・Grimoire ?」

「Un.」 It's very easy to read, and most people can read it, but instead, you can only use magic once after you read it」

「He~, there's something like that huh」

「Un! It's very popular. Everyone's buying it you know?」

「He~, let me take a look, oh」

I took the Grimoire, opened it, and doubted my eyes.

Soon after, I got convinced.

This new Grimoire, it doesn't have drawings.

There wasn't any drawing at all, but full of words.

In some meaning, it's closer to the image of Grimoires that I have before I reincarnated.

That is.....a light novel.

A story created with just words, a light novel.

「What happened, Lucio-kun?」

「Eh? Ahh, it's nothing, I just thought that it's so different from the Grimoires I'm usually reading」

「Well, of course. After all, everyone can read it normally you know. It's natural that it's different from what Lucio-kun's reading right?」

「Well yeah.....hmm」

I flipped the pages of New・Grimoire(light novel) till the end.

There's no drawing at all, it's only made out of words.

「Everyone can read it if it's like this?」

「Un. It took me half a day, but I was able to read it you know」

「Half a day.....it's a decent speed for a light novel」

「And so, here」

Did she hide it from somewhere, Nadia took out another book, and gave it to me.

「What's this」

「A different magic. Read this, and use it to us okay?」

「Us?」

「Sylvie, Vero-chan, Hacchan」

She means, all of my wives huh.

「Well, please okay」

Nadia said that, and trotted away.

Only the Grimoire in my hand remained.

I only need to read this, and use the magic that I can only use once to my wives huh.

Yosh.

I opened the New・Grimoire.

I read that book that is full of words.

.....○

.....○

「Daaa!!」

I threw away the book.

There’s no way I can read that!

Something like a light novel, it’s the first time I read it in this life!

My mind powers got drained with just half a page!

No, no, Nadia asked it to me. I need to read it properly and learn the magic.

I opened the book.

.....○

.....○

.....○

「Die you people who write light novels!」

I threw the book away again.

I cannot advance from half a page after all.

Seriously, I can't read it, I seriously can't read light novels.

「Ku! This is bad. If this continues」

Nadia's disappointed face appeared in my head, and the same with the other three.

They have disappointed faces because I can't do what they asked me.

I need to do something. However, what should I do?

I don't know what kind of magic this is, or if I have learned it in the first place.

Ku.....! This is bad.

I need, I need to do something about it.

「Danna-sama」

「Amanda-san?」

Amanda-san appeared.

It's Amanda-san with her usual near-expressionless face.

She reaches out a book to me.

「This is?」

「It is a Grimoire」

「A Grimoire? What kind?」

「It is the same with the New・Grimoire that Danna-sama holds」

「The same.....?」

I received the Grimoire and opened the pages.

It's the koma panels that I'm familiar with, and its contents are all made out of drawings.

A relaxing feeling like I've returned to my family house—it's

Manga!

And.....the first panel.

That one panel's content is the same with the half page that I could barely read.

「If it's this, I can read it!」

「Congratulations」

「Thank you, Amanda-san!」

「Yes. Well then, please excuse me」

Amanda-san bowed her head gracefully, and left.

I didn't ask why Amanda-san brought something like this.

After all, it's Amanda-san you know.

I threw away the light novel, and read manga.

With the magic I learned, I granted what Nadia wanted.

Chapter 108 – The Powerful Person In The Shadows

「Amanda-san, do you know where everyone i—」

The instant I opened the door, I got petrified.

Inside the mansion, I felt Amanda-san's presence when I was searching for my wives and Coco/Mami.

And when I opened the door and entered, Amanda-san was in the middle of changing.

White underwear and garter belt, half-undressed maid clothes.

「Danna-sama」

—I'm gonna get killed.

In an instant, I finished my resolution.

After all, it's Amanda-san. It's because, I saw that Amanda-san in the middle of changing.

I, cannot be saved anymore.

I felt like I was a carp on a cutting board and sit on the ground.

「I have dropped as a dew, and vanished as a dew, all things at Naniwa were only a dream――」

「What are you doing, Danna-sama」

「It's my death poem. Well then, finish me in an instant」

「I do not know what you are talking about, but. If it's Oku-samas, they have left together」

「.....he?」

「I have said, they have left together――」

「No, I don't mean that. Is it okay, Amanda-san」

「There is no reason for a maid to have the authority to restrict Oku-sama's actions」

No, I don't mean that.....

.....is it okay?

It's okay.

It's okay huh.

.....I survived~.

I quickly stood up, and tried to leave before she says something.

「Thanks, Amanda-san」

「Please do not mind it——Danna-sama」

The instant I turned around, Amanda-san called out to me.

There's no way that I would turn around here, I'm not that stupid that I would place a half step to hell.

I'm not stupid, but.

「There is no, second time okay」

It looks like it's already too late.

KokuKoku, I desperately nodded my head, and ran away from there in a hurry.

Escaping to my room, I started to read Grimoire.

Forget it. That was an accident. Let's forget it by reading manga.

Thinking of that, I tried to focus myself to reading manga.

I read the new manga that I brought back from the library. It's a manga where a gamer man came to a different world due to some happenings, started role playing as a Demon King, and flirt around with his slaves.

It's so interesting, on top of that, it's a series so it is worth reading.

When I focused on reading manga, I started to forget what happened earlier.

KonKon

The room was knocked.

The only person in this house that knocks.....is Amanda-san.

My heart skipped a beat for an instant.

「P-Please come in」

「Excuse me」

It was Amanda-san as I've thought.

Amanda-san who opened the door entered while pushing a cart.

On top of the cart, there was cake and tea.

「I have brought you some tea」

「Y-Yeah」

「Please excuse me」

Amanda-san served me without speaking.

She was expressionless just the same as usual, but her service was perfect.

.....isn't she angry?

She isn't angry right?

Rather, I feel like she doesn't mind it.

Thank goodness.

.....don't say that I'm a coward, it's "that" Amanda-san you know.

Although it's just a coincidence, I saw "that" Amanda-san in the middle of changing so, it can't be helped that I would get ready to die right?

After serving me, Amanda-san bowed and was about to leave.

「Amanda-san」

Instinctively, I called her. Amanda-san turned around and looked at me.

「Is there something you need?」

「.....thanks」

「You're welcome, please excuse me」

Amanda-san bowed her head once again, and then left the room.

She doesn't mind it, so I shouldn't mind it as well.

While enjoying the cake and tea that Amanda-san prepared for me, I read manga.

I continued reading manga. Was it because I felt relieved, I enjoyed reading manga better compared to earlier.

It's a very interesting manga, the main character that kills the couple without mercy is so cool.

And when I finished reading all of it.

KonKon

The door was knocked again.

「Yes」

「Please excuse me」

It's Amanda-san again, and she's pushing a cart again.

This time, it's sandwich and tea.

「I have brought your meal」

「Thanks」

Amanda-san served me, un, a perfect maid as I've thought.

Looking at her serving appearance, she looks very cool.

She put down the new tea and sandwich, and took away the cup and dish of the cake from earlier.

「Please excuse me」

Saying that, she left the room.

While I enjoy the tea and sandwich, I read manga.

KonKon

「Eh?」

In exactly the same timing that I finished eating the sandwich, there was a knock, and Amanda-san entered while pushing a cart.

This time, she brought tea and cookies that seemed to be just made.

「Please excuse me, I have brought you your meal」

「Eh? I just finished eating just no――」

「I have brought it」

「U-Un.....」

Somehow, she's very intense.

This is.....don't tell me.

She took away the dishes from earlier, and Amanda-san put down the new ones.

After she had left the room, I stared at the cookies and tea.

Eating that much, I'm already full. It's okay even if I don't eat thi――.

「――!!」

The next instant, I felt shivers down my spine.

I felt fear as if my back was frozen cold.

I looked around panicking, but I'm the only one in the room.

I'm the only one, but.....

「L-Let's eat」

I lost my composure to read manga.

I ate the cookies.

It's delicious, they're super delicious.

It's just made, so its smell and taste are excellent.

It's excellent, but.....I wanted to eat it when I'm not full.

They were such amazing cookies.

And when I somehow finished them.

KonKon

Amanda-san, once again, entered the room pushing a cart.

This time, it's pudding and tea.

「I have brought you your meal」

「.....」

「I have brought you your meal」

Un, I got it.

I finally understood.

She's angry, Amanda-san's very angry!

As I've thought, I mean, she's really angry!

「H-Hey, Amanda-san.....」

「I have just made it, so please eat it while they're hot」

「U-Un」

All that I could do was nod.

Amanda-san collected the ones earlier, and left.

I stared at the pudding she left behind.

「*Geppu*」

I got a heartburn, and it's so difficult to eat it.

Fuu, I should use magi--.

「--!!!」

The instant I thought of that, I felt overwhelming fear again.

The overwhelming fear drenched my back with ice water.

Ahh, magic is bad huh, it's bad huh.

I, gave up, and ate the pudding.

KonKon

「Please excuse me」

「Please forgive me, Amanda-san!!」

I did my best, super excellent amazing dogeza to Amanda-san who brought an excellently delicious-looking pancake with her.

Chapter 109 – The Messenger Of Happiness

When I was reading manga while holding hands with Balthazar who was sleeping like Supii, with a snot bubble.

「Master」

Coco entered running in the room.

She stopped in front of me, and shook her tail so quickly as if it would be torn away.

「What happened」

「I'm going for a walk with Mama-sama desu~, I want to go together with Mami-chan desu~」

「I see. 『Time Shift』」

I used magic.

『Time Shift』, the magic that would take the target's「One's self in the future」to the present.

I have used this to increase my own number or make the two people with one body, Coco/Mami who transforms to the other every time they are splashed by water exist at the same time.

This time is also like that, Coco and Mami, they said that they want to go for a walk with Veronica together so I used magic. It's how I used it before.

However.

「Hekuchi!」

Balthazar who was sleeping had her snot bubble pop, and the magic powers through the wormhole hit me in the face.

Balthazar, she reacts to my magic and makes it malfunction—oh no! I forgot.

「Gehogeho, gehogeho」

「Master~, are you alright~」

「Yeah I'm fine. Hey wait, who are you」

After the smoke from the direct hit of the magic powers dissipated, there was an unfamiliar face.

Coco was still there, but there was a girl that I don't know on her side.

Her age is pretty much the same with my wives, and her long hair in a twin tail was silky smooth.

She somehow seems stubborn, cheeky looking girl.

「A-re? Isn't this Otou-san's room. Eh, who are you?」

「That's my line, who are you?」

「Me? I'm Lala Martein. The world's cutest daughter of the duke」

「Lala.....Martein?」

「It's the same name with Master~.....」

Coco whispered.

Martein, it's true that it's the same surname as me.

Adding to that, daughter of the Duke, the『Time Shift』's malfunction.

.....don't tell me!

「A-re? That way of speaking.....Coco-chan」

「Do you know me~?」

「Are you really Coco-chan?」

「Yes~.....but」

「U~n」

Lala stared at Coco for a while, looked around the room, and then trotted towards the window side.

She took the flower vase there and splashed it to Coco.

「Nyaaaa!! What are you doing?」

「Ah! It's Mami-chan. It's the real thing」

「Fushyaaa!!」

Mami intimidates with her the hairs on her tail standing.

「Mami. Leave this place to me and go change into dry clothes」

「.....I got it」

Mami sulked, but she left the room just like I told her.

The ones remained is Balthazar who still have a snot bubble, and the twin tail girl Lala.

「Ne~, who the hell are you. Why are you in Otou-san's room?」

「My name is Lucio Martein. Probably, your father」

「Eh? What are you talking about?」

「Do you know about『Time Shift』?」

「Of course I know that, Otou-san uses it on Coco-chan frequently you know」

「It looks like I called you by accident because of that magic. The one right here is me, the 9-year-old Lucio」

「.....ohh」

Lala got convinced in an instant.

「I see I see, so it's like that. That's why the mansion looks new, and I also thought it's weird that Coco-chan was young. Ah! Then, the person there is Bal-mama?」

「That's right」

「I see I see, hee～. She's always sleepy like that huh」

Are you saying she haven't changed?

I mean, are you like this even in the future, Balthazar?

.....no, well, it's really like her though.

「I see I see, you're Otou-san huh. Fu～n」

Lala stared at me intently. And then made a mischievous smile.

「What?」

「I just thought, Otou-san said that you're 9 right now right. You're younger than me huh～」

「How old are you, Lala」

「I'm 10, I mean I was in the middle of a party. A birthday party」

「Is that so」

.....o

「Hey, whose daughter is Lala?」

「Who do you think? Among the four」

She replied to me with a mischievous smile.

I stared at Lala.

U~n, I can't tell.

Her personality is different from my wives, the color of her hair is black, different from them as well.

From how she looks, I can't really tell.

「I don't know. Who is it?」

「Fufun, then it's a secret. It's your assignment until I come next time okay」

「Next time?」

「It looks like I'm about to return. Since Bal-mama is here, it's the『Time Shift』's malfunction right?」

「That didn't change too huh」

「Otou-san haven't changed that he'd use magic when Bal-mama's around you know～」

「.....no way」

I got a little shocked. The future me is like that huh.

「See you later Otou-san, Bye bye bye bye～」

「Hey Lucio, I heard from Mami——ara?」

It was the at the same time that Veronica entered the room and Lala disappeared.

It's the『Time Shift』's unique way of disappearing. Lala returned to the future.

A daughter huh, I wonder who's daughter she is.

I just hope that she'd tell me when I call her the next time.

A daughter huh～.

Somehow, I couldn't help but grin.

「Lucio.....」

「Eh! Ah! Veronica」

Come to think of it, Veronica entered the room.

That's fine in itself, but she's glaring at me for some reason.

What is it?

「Haa~, it is alright though」

「Eh?」

「She's the fifth wife candidate right. It's alright, really. Just, I wanted you to consult it to us for once」

「Eh? No, no, it's not like that. Lala is not like that」

It took me a very long time to convince Veronica who sulked that she's my daughter in the future.

Chapter 110 – The Assailant From The Future

「Veronica, are you free right now?」

I walked around the mansion searching for Veronica.

I found her when I came to the living room.

But.

「Ara, Lucio」

「Ah! It's Otou-san」

There was Lala together with Veronica.

「Lala?! Why are you here」

I don't remember using『Time Shift』. There should be no way that she's here.

「I asked Otou-san to send me」

「Me? No, I.....」

「It's not that, I asked my Otou-san」

「.....ahh, you mean me in the future」

「Un! You know, after that, when I told Vero-mama about it, Vero-mama told me to clear the misunderstanding, so I asked Otou-san to send me」

「.....sorry, I can't understand」

「Lala came to clear my misunderstanding about Lala desu wa. About her being Lucio's fifth wife」

「About that huh」

It's true that Veronica was saying something like that.

「That's fine but, are you convinced now?」

「I received a message from the future me. Given that I was given a proof, something that only I would know, of course I would be convinced」

「.....I see」

Everyone has one or two secrets that they would absolutely not anyone know, so the future Veronica let Lala know that, and told

the current Veronica huh.

「There's also something for Otou-san. Otou-san also said that he was still dubious right now」

「This is confusing. The future me said that right?」

「Un! And then, and then, he said that you'd believe if I say this」

「What is it?」

「E~to, ne, Soft on Demand——」

「——it is great that you have come, my daughter. Take your time and relax」

I interrupted Lala's excited words.

Un, Lala is my daughter. My daughter that came from the future.

At the least, I'm completely sure that she has something to do with the future me.

I mean.....you, future me.

I'll call you and kick your ass next time.

What the hell are you making my daughter say. (TL: SOD is a group of companies making porn)

「Ne~, ne~, Otou-san, what is Soft on Demand?」

「It's something that a kid doesn't need to know」

「Otou-san's also a kid though」

「I'm an adult, I'm married after all」

That's right. One could marry at any age in this world, and a married person is treated as an adult.

Meaning, I'm an adult so even if I look 8 years old, even X-rated are all okay.

「Eh~, Otou-san that's unfair」

「It's not unfair」

「Lucio, I'm also interested in that Soft.....something. I'm also an adult so can you please tell me what it is?」

「Uu.....! T-That is」

「That is?」

「It's a man's dream!」

「Man's dream?」

「It's a man's dream!」

I returned a counter to Veronica who still looks unconvinced.

「Then what about Veronica. What did Lala—the future Veronica tell you?」

「Eh?」

「Veronica was also told something, right? Something that only you knows」

「T-That is.....」

「That is?」

「.....it's a woman's dream desu wa!」

Cornered, Veronica shouted with a red face.

「A woman's dream huh.」

「It's a woman's dream desu wa」

「I see」

「Yes desu wa!」

.....although this is just a feeling, I think that I shouldn't pursue it.

No, it's not that I'm worried that I'd also get pursued.

I just thought that what I was told was something hard to tell so I'm sure that Veronica's just the same.

We stared at each other, we read that looking at each other's eyes.

「There is no.....」

「Yeah, there is no prying」

Like that, we agreed.

That is the only way that no one would get sad.

「Well then, I'll go back now okay」

「Go back, you mean to the future?」

「Un, I finished what I need to do today too. I'll come again okay」

「Yeah」

I nodded and waved my hand to Lala.

Lala waved her hand back. Her body gradually turned transparent and finally disappeared.

「She was a storm-like girl」

「Yeah, I wonder who's daughter she is」

「You do not know?」

「Yeah, I don't know. I just know that she's the daughter of one of the four of you」

「Ara, he might've made a fifth or sixth wife you know, the future Lucio」

「There's no way」

「Why?」

「Lala's twin tail, there's two gems used in her hair clips. It's the same color with everyone's ring. The left one is the same color with Sylvia's and Nadia's, and the right one is the same with Veronica's and Balthazar's」

「Ara, you looked so closely huh」

「That's unfair saying that she's the fifth one although you noticed」

「Was that so?」

「Yes」

「Was that so?」

Repeating the same words, Veronica softly held my hand.

Holding each other's hand. It's the best skinship that me and my wives like.

We held our hands and looked at each other.

And when we were looking at each other like that—the door suddenly opened.

「Otou-san, I'll go back now okay」

The one who entered was Lala who should've returned earlier.

「Lala? Haven't you returned?」

「Ah! I'm the second one after all」

「Ha? Second?」

When I was thinking what she was talking about, more Lalas appeared behind Lala.

「I'm the 3rd me. I'll return after I finish okay～」

「The 4th, here I am! Well then~, I should go back and eat Syl-mama's curry」

Three Lalas gathered, and disappeared at the same time.

What the heck is this—but when I was thinking of that.

Sylvia, Nadia, and Balthazar appeared in the entrance of the room.

The three of them had flushed cheeks, and went towards me timidly.

「Lucio-sama.....」

「Lucio-kun.....」

「Lucio-chan」

The three of them stood in front of me, and stared looking up to me.

「It looks like」

Veronica said.

「It looks like 4 of them were sent at the same time」

.....I see.

Four times with time interval, coming to the same timeline.

And the four of them said something to my four wives at the same time.

「Everyone's the same huh」

Veronica said, and the three nodded.

It looks like they were told the same thing.

I wonder what they were told, I'm very curious.

I tried to ask them, but Veronica who understood my face.

「I will not tell it」(Veronica)

「Yes, I cannot say it」(Sylvia)

「I can't say it」(Nadia)

「It's about when we started to like Lucio-chan you know～」

The three tried to keep it a secret, but Balthazar didn't read the air and casually said it.

「「「Hey!!」」」

The three of them raised their voices at the same time, and Balthazar was dumbfounded.

.....this is bad, this is really bad.

To think that they would say something like that.

The three embarrassingly and shyly steals glances to me, and Balthazar had a smiling face alone, came to me to hold my hands.

This is bad, I started to get embarrassed too.

And there——Lala appeared!!

「That's right, another thing from Otou-san. “The instant when I had the resolution to propose to everyone——”」

「Soft on Demand!!!!」

I was so embarrassed and interrupted Lala with a loud voice.

Chapter 111 – Chase To The Sun

「This is bad, Lucio-sama!」

Sylvie came to the living room in alarm.

Honestly, I faltered to her menacing attitude that I have never seen before.

「W-What happened」

「Honeymoon!」

「.....eh?」

「We did not go on a honeymoon!」

「.....ohh」

I put down the manga that I was reading.

Come to think of it, I did a lot of things, and I proposed marriage four times, but I never went on a honeymoon.

It was a careless miss that cannot be left as just a careless miss.

I am flying in the sky.

I didn't change into a dragon nor created wings on my back.

I placed a bamboo-copter on the top of my head, and fly with that spinning around.

.....honestly, isn't this bad?

I felt it was very bad the instant I used the magic.

But this is one of the ways flying in the sky I dream of and a way to fly that I really want to do as a manga reader.

I got resolute on it getting bad and flew to the sky.

「Waa~.....we're really flying」

「As expected of Lucio-kun. I never imagined flying like this」

It's all thanks to F-sensei. I thought of that, but I didn't say it.

The one who talked right now was Sylvia and Nadia who got small with the magic『Small』. They showed their faces from my pocket and got impressed looking at the bamboo-copter on the top

of my head.

「Honestly, I like this better desu wa. In a dragon's form, I feel like Lucio's warmth is very far」

Veronica said while showing her face from my collar.

「Supii~.....」

By the way, Balthazar is on my back, sleeping with her chin rested on my shoulder. I'm a little worried that she would slide down.

Carrying my four wives, I flew freely in the sky.

The magic I used for the first time was very popular among my wives.

「And so, where do we plan on going?」

When I asked that, my wives became silent (one of them is sleeping though).

As I've thought, there's no plan huh.

Well, the cause in the first place is Sylvia's「Let's go on a honeymoon」after all.

We went for the honeymoon, but I wonder if there is a destination.

「What should we do. Nadia-chan, do you have any idea?」

「Ehhh? D-Don't ask me. Vero-chan help me」

「I am satisfied being just like this desu wa」

MozoMozo, Veronica went deeper to my waist. She got so close to me hiding her face with my collar as if to wear a muffler.

The three who's awake has completely no plans, on top of that, they couldn't think of an alternative.

That is fine as well, but I want something.

And it was then when I thought of that.

「Supii~.....sun-chan, don't run away, nano desu~.....」

Balthazar mumbled, saying her sleep talk.

Sun don't run away?

「That sounds good」

I am thinking of doing, that thing that I am curious what would happen if it was done.

Half a day passed, and I am still flying.

Sylvia and Nadia, the best friends pair. Nadia climbed on my body going to the pocket on the other side and slept with Sylvia together.

「Supii～」

Balthazar was asleep at the same position when we started to fly.

「Lucio, are you alright, are you not tired?」

「I'm fine. It's not like my stamina is being spent by this magic」

「Is that so. But, I really wonder how far will this continue」

「Perhaps.....forever」

「Forever?」

Veronica asked tilting her head.

Right now, I am flying chasing the sun.

Specifically, I'm flying while keeping the sun on a 45 degree ahead.

I did the thing that I was very curious of ever since I was a child, 「What would happen when one chases the sun at the same speed?」.

I know, in theory, chasing the sun at the same speed, it would never set.

.....probably, it's like that in theory.

In fact, I flew over half a day, and the sun has not changed that it is 45 degrees ahead.

「Forever, desu ka」

「Yeah, forever. Maybe, we'll even reach the end of the world」

I said it as a joke.

If this world is the same as Earth, the end of the world wouldn't exist, and we would just have gone around.

「.....old」

「Un? Did you say something?」

「As long as I'm with Lucio, I do not mind going to the ends of the world」

「.....I see」

I got caught by surprise but, I was still happy.

Chasing the sun, the honeymoon of (probably) making a trip around the world continues just a little longer.

Chapter 112 – Human Consent

I continuously flew towards the sun.

Well, I started to get tired because it was a little boring so I took out the Grimoire that I took with me.

It was a boisterous love-comedy where a boring high school student prayed「I want a girlfriend」to a shooting star, that shooting star itself became human and came to become his girlfriend.

It was very boisterous because there wasn't only one shooting star that granted his wish but nine at once.

What magic will I learn from this? And what kind of ending would this manga have?

I read it looking forward to that.

「Fuwaa~.....」

I stretched and yawned.

Oh no, if I stretched when Balthazar was on my shoulder—but when I thought of that, I didn't feel a presence on my shoulder.

What happened—it was when I thought of that.

「Muguu!!」

Something entered my mouth.

MozoMozo it entered forcefully.

「Aga.....aggagu.....」

It was Balthazar who came into my mouth. A bit smaller than a doll, she waved her butt for some reason and tries to enter my mouth.

I tried to ask her why she's doing this, but my mouth is blocked, and I can't speak.

Using magic to do something about it—the target's Balthazar so I can't be careless using it.

When I tried to grab her out, she flicked me with her tail.

And while that happened, Balthazar completely entered my mouth, turned her body showing her face.

She placed her arms on my lips and lowers her head on the side there.

And just like that.

「Supii～」

She started to sleep.

H-Hey! Are you going to sleep?! Are you going to sleep there?!!

「Ehehe～.....it's Lucio-chan～.....」

Of course, it's me! You're inside me right now after all!

「Funya～.....」

I'm troubled, I'm really troubled.

It's probably about the second pinch that in this life ever since I reincarnated.

What to do, what should I do?

「Fuwaaa～.....」

Moving around inside my pocket, Sylvia who slept together with Nadia woke up.

Sylvia who had sleepy eyes showed her face and looked towards me.

「.....」

「.....ugougo」

「.....」

「ugogo」

Save me Sylvia, please do something about this situation.

「.....ish the demon king inshide Rusho-shama's moush」

「ugogo」

「.....thish ish a tream. Nighty～」

Saying that, Sylvia went back inside the pocket.

She held her hands with Nadia who shrunk at the same size, sleeping in the same pocket, and the two slept close to each other.

How cute, look how cute they are.

They are so cute, but!

「ugogo」

The situation didn't change at all. It's still bad!

Pachin!, the snot bubble popped.

「Fumya～.....?」

No, what the heck is fumya?

She looked up to me who's cornered. Although it was noon, a very bright shooting star fell on the side of the sun.

Instinctively, I prayed to the shooting star—damn it, there's no way that it would be granted!

While cursing inside, I gave up.

I gave up thinking “she would wake up anyways”.

However, at this time, I was still clueless.

The nightmare.....because of Sylvia, Nadia, and Veronica who got jealous, there was the future where not only my mouth was targeted, but the holes of my nose and ears as well.

It was something that I did not know yet.

Chapter 113 – A Story Like Catching Clouds

I continued flying towards the sun.

The speed the sun moves in Ptolemaic theory, the speed this planet rotates in heliocentric theory.

I don't know which it is in this world, I don't know, but.

Anyways, I matched the speed the sun moves, and continued to fly towards that.

Carrying my four wives that I shrunk in size, I continued to fly.

Always keeping the same distance with the sun, it is always bright.

I flew continuously day and night.

I'm flying using magic, but it's not a big burden to me.

Reading Grimoires, my magic powers increase every time I learn magic, so it isn't much burden just flying.

I was like that, but my wives weren't.

「Lucio-kun, can we take a break somewhere?」

「What happend」

「My limbs started to get numb, it's also tiring」

「The positions we could take inside Lucio's clothes is limited, and it takes stamina to grab on」

Veronica agreed to Nadia's suggestion.

I see, that's might be true. Looking carefully, Sylvia seemed a little tired.

.....Balthazar is in her snot bubble sleep mode as usual.

I'm flying with my wives shrunk in size inside my pocket, but it's true that it can be said that it's not a comfortable journey.

「I got it」

I nodded and looked around.

There was a fitting place, so I stopped chasing the sun and flew there.

It's a giant cloud. It's a cloud that the size of Tokyo Dome could enter inside.

It's not a rain cloud, it's a beautiful white cloud.

I stopped in front of that cloud.

「What are you going to do, Lucio-sama?」

「I'm going to use magic」

「Understood, leave it to me」

Nadia said, and Sylvia made a complicated face.

Nadia approached Balthazar who was sleeping, popped her snot bubble, and blocked Balthazar's nose with her two fingers.

「Do it, Lucio-kun」

「Yeah—『Sky Island』」

「Heppu—」

Reacting to my magic, the sleeping Balthazar sneezes—but.

It was stopped by Nadia putting fingers into her nose, and the sneeze unexploded.

The magic activated properly.

A bright light transferred from me to the cloud and enveloped all of it.

After waiting for the light to disappear, I landed on the cloud.

「Ohh! Riding a cloud」

「Everyone go down. Ahh, keep your fingers in Balthazar's nose」

I said that to Nadia, and after my wives went off me, I casted magic returning them to their original size.

Me and my four wives, we are standing on top of a full-size cloud.

Sylvia has sparkling eyes.

Nadia is jumping around excitedly.

Veronica stood on the end of the cloud and looked down.

Balthazar curled her body and slept like Coco.

「This is the first time being on top of the cloud desu wa」

「Was it so?」

「We flew a lot on top of Lucio-kun, but I think this is the first time we rode a cloud」

「Right now, Lucio-sama used magic but, is it that we can't ride clouds normally and Lucio-sama made it so that we can?」

Sylvia asked. Nadia and Veronica also looked at me.

It's common sense that one cannot stand on top of the cloud, but anyone would like to try riding on top of it or want to.

But it looks like that common sense wasn't common with my wives.

「That's right」

「I see, as expected of Lucio-kun」

「Well then, let's rest here for a while」

「But, if we do that, the sun would escape. You said that we are chasing the sun throughout this trip right」

「It's alright, I'll chase it with this whole cloud」

「It's true, it's moving in a different way with other clouds」

Nadia looked around and said in a great mood.

Veronica who asked the question also confirmed that and nodded with satisfaction.

And just like this, I landed on the cloud with my wives to take a break.

Sylvia got her hand pulled by Nadia and ran around the cloud.

I made it that we can ride it, but I didn't change its shape.

It's like an athletic, natural jungle gym, and it was the Sylvia and Nadia pair who played around on top of that cloud.

Veronica timidly swung her feet, and stretched.

I also walked around on top of the cloud.

I climbed the places that have difference in height, or looked down from the edge, and kick it like one would do with piled up snow.

When I was a child, I kicked and punched the snow piled up on

the side of the road. Remembering about using the umbrella to release killing moves in manga and animes feels very nostalgic.

Just like that, when I returned, I saw Balthazar waking up.

She placed rests her cheeks on her hand on a small table-sized cloud, and poked something on top of that.

「What are you doing?」

「Playing with Lucio-chan」

「With me?」

“What does she mean?” I thought and looked on her hand.

There was a chunk of cloud there. It was a chunk, but it’s not a cloud made naturally.

Described with few words, “It’s me wearing noble clothes, with sharp canine and bat-like wings”.

That’s on top of a Grimoire.

Somehow, it looked like a Demon King. Compared to a real Demon King, Balthazar—it looked more like a Demon King compared to Balthazar the Eight.

Balthazar enjoyed poking a doll that looked like that with her finger.

「This is?」

「Lucio-chan」

「Did you make it?」

「Un, like this」

Balthazar placed a cloud on her hand, and molded it like clay.

Finally, it became a small crown, and Balthazar placed it on top of the me doll.

「You're quite dexterous」

「It's because it's Lucio-chan you know～」

「You want to color it as well?」

「Un!」

Together with Balthazar, I molded around cloud clay.

After refreshing for quite a lot, I continued the honeymoon in the sky with my wives.

Chapter 114 – Aircraft Carrier Lucio

I am still flying in the sky with the same speed towards the sun.

It's about a week since I started flying and my wives are already used to the life in the sky.

They climbed on my continuously flying body like it's a jungle gym or relaxed on my back.

And even now, a small kotatsu is on my back, and they are relaxing there.

「This, I just thought of it right now but, isn't it going to be hard going back」

「Hard you say, why is that, Nadia-chan」

「Aren't we flying and chasing the sun? We need to fly the same distance when we go back right?」

「Ah!.....that is true」

Sylvia and Nadia who are currently relaxing on my back right now said.

There's no need to go back if this world is a sphere-like planet like earth, but it seems like neither the two has such awareness.

「Ne~, ne~, Lucio-kun, how are we going to go back?」

「Let me see, I thought of many things, but it's probably either increase the speed when we return or just return in an instant」

「In an instant, desu ka?」

「There's a magic that can substantially teleport」

Balthazar's space.

The space that the Demon King from a long time ago, Balthazar the First is imprisoned even now.

That space is what they call as a different dimension, but it has one significant characteristic.

It is that it is connected to any place in this world.

Meaning, if one could enter that space and leave that space.

Doing that, one can move to anywhere making them substantially warp.

Well! To do that, one needs to defeat Balthazar who is holding his power.

「If so, we can return immediately huh」

「That's right」

「Ne~, ne~, Lucio-kun, I want to fly in the sky」

「Fly?」

「Un, with that same thing with Lucio-kun」

Nadia pointed to the spinning bamboo-copter on my head.

It's that thing that exactly looks like the greatest dream that F-sensei made.

「Come to think of it, you haven't done it huh」

「Un!」

「Yosh――『Bamboo Fly』」

I used the magic, and a bamboo-copter appeared on Nadia's head in her doll-size.

「Well then, I'll go now okay――hyahooooi~!」

「Wait Nadia-chan, you should listen to the instructions」

Not waiting for the stop call of her best friend, Nadia jumped off my back.

The instant she took off, she could not control it properly and fell vertically.

「Nadia-chan!」

「Ohh, this is quite difficult—is it like this」

「Lucio-sama! Nadia-chan is!」

「It's okay」

I raised my hand and showed it to Sylvia.

A red string is coming out of my little finger and stretches, connecting to Nadia.

「I'll pull her up if it looks dangerous」

「Ah! You gave her a lifeline huh」

「Of course. Does Sylvia want to do it too?」

「Come here Sylvie, it's fun you know～」

Nadia who immediately got used to operating the bamboo-copter suddenly rose up and invited Sylvia while flying at the same speed on my side.

「I guess so. Lucio-sama, please let me do it as well」

「Alright」

I used the same magic on Sylvia and the bamboo-copter appeared on her head.

The difference with their personalities appeared here.

While Nadia learned to fly jumping off immediately and struggling in the air, Sylvia carefully tried to fly, jumping vertically from my back.

「Hyahhoiii～～」

And while she was doing that, Nadia got better and better.

She flew around me acrobatically, doing a touch and go, flying off my back.

She did this and that and seemed to enjoy it very much.

「Sylvie, let's race up to that cloud」

「Un」

「The person who wins gets the rights to sleep on Lucio-kun's butt pocket today alright」

「——!! I won't lose」

Sylvia's expression changed.

Sleeping on my butt pocket.

It's the place that is the most popular spot since we started to fly.

My wives who became small tries to sleep in many ways like hanging onto me, entering my pockets or mouth.

The most popular spot is my butt pocket.

According to them, it is “soft and warm”.

It means that they are racing in the air with those rights on the

line.

「I cannot keep silent hearing that」

「Veronica」

「Lucio, use that magic to me as well」

「Bal, she really likes Lucio-chan's butt you know?」

Veronica showed her face from my pocket and Balthazar who crawled out of the kotatsu.

The two of them said that they were also going to participate on the battle for the butt pocket.

My butt is being targeted, so I feel very complicated, but I still placed a bamboo-copter on Veronica and Balthazar while I Nadia took care of Balthazar's sneeze.

「Well then, let's start.....ready, go!!」

With Nadia's call, my four wives flew away at once.

With bamboo-copters on their minimized heads, they flew away from me to the grand sky.

The race started with Balthazar who flew elegantly like a lone traveler, but she had a hard time turning on the cloud checkpoint, so the other three passed her.

I thought that Nadia who was ahead of the path would be the first one to take the goal, but Nadia who is very used to using the bamboo-copter got cheeky and flew acrobatically just before the goal. So she lost speed and fell off, and while that happened that, Sylvia and Veronica passed her and goals in with a tiny difference.

It's a subtle decision who's going to be ranked first, but there is to back pockets, so there is no problem for the bet.

Nadia stomped on the air while flying because of her failure and Balthazar who could not follow up on the second part placed a finger on her lips enviously.

The race ended there, but the four of them continued to fly.

They flew to here and there, rested on my back when they got tired, and flew once again after taking a break.

I feel like, I am a aircraft carrier.

Four carrier-based wives equipped on aircraft carrier Lucio.

I tried a somehow fun delusion.

「Lucio, something feels weird」

「Un?」

Veronica who flies beside my face.

She is staring straight ahead.

The sky that we continuously flew chasing after the sun. There are black spots ahead.

Not only that, smoke came up from several places on the ground.

「W-What is it」

「『Telescope』」

I made a circle with my fingers and chanted the magic.

I checked how it looks using the magic that makes me see far places.

「A dragon—something like a wyvern」

What I saw were a huge number of wyverns.

Hard scales, sharp claws.

Flames were swirling from their half opened mouths.

The ground was being attacked by those wyverns.

And, surprisingly.

「La Linea huh」

「The city?!」

「Yeah, there's no doubt」

I nodded.

In the telescope magic, I saw the building ahead that is made upside down—the Royal Grimoire Library.

There is no doubt that it is the royal capital La Linea that we live in that is being attacked. We made a full turn huh.....

But it isn't the time to think of that.

「They are being attacked one-sidedly, I need to defeat them」

「Lucio-kun, leave it to me」

「Nadia will?」

「I will also go Lucio-sama」

「I have heard a lot of stories about cockroach subjugations, leave it to me desu wa」

My wives said out their participation to the fight one next to the other.

Normally, wyverns that would even attack the royal capital is dangerous, but.

「I got it」

I nodded, and casted magic on my wives.

A magic that would lend them a single kind of attack magic and a magic that would create a barrier around their bodies.

I casted those two magic spells on my wives.

「Be careful. The barrier will disappear after you receive three attacks. Come back if it disappears, I'll cast it on you again」

「I understood」

「I'll go now okay」

「This is very exciting desu wa」

Sylvia, Nadia, and Veronica, they launched—they flew away.

「.....」

「Balthazar, what is it?」

「Right there, there is a Bal-like thing there you know?」

「Bal-like?」

What does she mean?

「Isn't that—ah! She went off.....」

When I was about to ask what is it specifically, Balthazar flew away before I could do so.

I wonder what it was.

The first battle in the sky was intense.

My wives equipped with bamboo-copters and barriers attacked the huge wyverns far bigger than humans.

They are strong monsters that would even make the royal capital be on flames, but the thing that my wives would use is my magic.

They fought more than equal even though they became small, doll-sized.

「Kyaa!」

「The barrier disappeared? I will support you, Sylvia, go back to Lucio's place」

「I will stop them here so hurry up and go」

Hey, that's a death flag, Nadia.

I recasted a barrier on Sylvia who landed and wiped off the ashes on her cheeks with my finger.

「Are you alright?」

「Un, I'm okay」

「Don't push yourself」

「I understood」

Sylvia flew away once again.

The wyverns were strong as expected, and my wives had their barrier taken off during the battle many times.

And every time, they returned and I recasted it again.

I felt more and more like an aircraft carrier.

One by one, the wyverns got defeated.

Our side could continue to battle just by recovering the barrier, but their side fights until they get defeated, so their numbers gradually decreased.

And finally, all of the wyverns got defeated.

「Fuu, this is all about it huh」

「This is very fun」

「It's also fun in ant's nests you know. Also, inside the body」

「Inside the body, desu no?」

「Un! Diseases are like small monsters invading inside the body, so we would subjugate them after getting super small. It's fun like a dungeon」

「If it's the dungeon in the body, Bal, she has also done it before you know?」

While my wives were talking after the battle, I landed on the ground.

The citizen of the capital on the ground looked up, some of them saw me and said things like “Lucio-sama banzai!”.

In the palace's terrace, there is Ou-sama and Ojii-chan who's together for some reason, and after saying something as if to brag, the two of them started quarreling.

I could imagine what they are doing so I let them be.

I don't know the reason for the attack, but I don't feel bad getting praised after saving them in their pinch.

「Ah.....!」

「What is it, Hacchan」

「The ancestor's, coming」

「Eh?」

The next instant after Balthazar whispered, a disruption of space appeared in front of us.

This phenomenon, I know it.

「It's Balthazar the First」

Nadia also knew about that, we have been summoned once before and fought.

「Fuhahahaha, I have waited for this time」

The space opened, Balthazar the First was about to come out anytime.

This guy, he's the same as usual.

It can't be helped, I should defeat him and reseal him.

「Let's go, Sylvie!」

「Un!」

「I shall not fall behind」

「Bal, she's already a wife you know?」

My four wives flew away before me.

Each of them flew different paths and attacked Balthazar the First.

I thought of participating in the attack, but stopped.

I decided to follow up on my wives just like an aircraft carrier.

My wives attacked Balthazar the First with great spirits. And among them, Balthazar who is a descendant was the most merciless.

After a while, I took a position with my face lying up turning from my prone position on the air.

And in my belly, my wives returned for the replenishment of their barriers.

I casted magic on them, patted their heads, and sent them off.

The humans on the ground could see the fierce fight.

This fierce fight in the La Linea's sky against the ex-Demon King that would be written in history.

「Hyahhoiii～」

As represented by Nadia's call.

It was a comical fight with my mighty magic powers.

Just like that, my honeymoon started with a trip around the world, and ended with an unexpected fight.

Chapter 115 – If The Wives Combines...

Morning, within the chirping of the birds, I slowly woke up.

The start of the leisure day of reading manga will start today too—but when I was thinking of that.

Veronica was staring at me from above.

「.....what is it?」

「I am looking at Lucio's face」

「I know that but, why?」

「Lucio, can you become an adult for once?」

「.....I got it」

The reason is unknown, but since Veronica wishes for them, there's no need to think twice.

I went off the bed and casted the magic『Fake Growth』to myself.

With the magic that changes appearance, I changed into adult appearance.

It's the adult appearance that I change into once in a while.

And while Veronica stared at me intently, she said furthermore.

「Can you make me an adult as well?」

「Just your appearance? Or mind too?」

Within our house, only Veronica is a bit special.

She was originally an adult, she was really a bewitching beauty.

And from that form, she has the same 8-year-old appearance like me right now.

The magic I casted on her is『Reconnection』. It's a magic that changes not only the appearance, but also the personality according to the age.

And so, if I would return her to her adult appearance, I need to ask if I need to return her personality too.

「It is alright with just my appearance」

「I got it——『Fake Growth』」

I casted magic on her and changed Veronica to her adult

appearance.

Her red hair became long and into a dress with a lot of skin showing.

She changed into the bewitching beauty, Veronica.

Veronica stood on my side.

She took my arm and took me to the mirror on the corner of the room.

We stood together, and our appearance was shown in the mirror. She stared at that intently.

「.....」

「What is it, Veronica」

「This time, can you change us younger Let me see, around 3-years-old I think」

「I got it」

I didn't ask anything and casted『Fake Growth』one again.

The two adults gradually became smaller and changed into a

younger appearance than originally, that to a 3-year-old's.

Veronica took my hand and our appearance was showing in the mirror looks cute.

「.....I see」

「What was it about?」

「I was curious what kind of appearance my child with Lucio would look like」

「Child?! Ahh, that's why we became adult and younger」

「That is right. Thanks to that, I understood pretty much」

「If you want, do you want to meet the real one?」

「Real one? Does such magic exist?」

「Yeah」

I nodded. Veronica thought for a bit then nodded.

「Can I ask you please」

「Leave it to me——『Time Shift』」

First, I called ourselves for one hour in the future using『Time Shift』.

「Yo」

「We have been waiting」

Us after one hour, Lucio Dash and Veronica Dash appeared while smiling.

「They are us, in the future?」

「Yeah, to these two——」

「I'll do it」

The future me said and used magic.

『Next Generation』

They held hands, and the next instant he used the magic, Lucio Dash and Veronica Dash became light, and that light merged.

The light gradually converged and finally turned into one girl.

The girl had a long red hair and wore an armor that reveals a lot of skin—the so-called bikini armor, and carry a large sword as big as her body.

「This place is—oh! Isn't it Tou-chan and Kaa-chan. That appearance, were you playing with magic again?」

「You.....are?」

「Why are you acting like a fool Kaa-chan, did you forget your daughter's face?」

「Daughter?!」

Veronica got surprised and looked towards me.

「『Next Generation』is the magic that combines the male and female and turns the two into their child's appearance. It can also be used as a matching fortune before marriage」

「Even if it's child that would not be born?」

「That's right, this is a magic that shows “this kind of child will be born between these two”」

「Was that so.....」

「I don't know what you're talking about but—oh hey! This is the capital's mansion? I mean, it's new? What the heck」

My daughter with Veronica went towards the window side while making her armor sound.

Her appearance is very similar to the adult Veronica.

Her personality—she's quite unrefined, I wonder who she got that from.

「She looks similar to me」

「Looks like it」

「Was she raised by Nadia or something?」

「There's also the possibility that Ojii-chanz doted on her that she became like that」

「That's true!」

Towards our daughter that might be born in the future, Veronica and I discussed.

And while we were like that, the magic ended and the magic that

calls to the future also ended.

Lucio Dash and Veronica Dash left a wink towards us and returned to the future.

「Ne～. Lucio, that's」

「Yeah. Since we're at it, let's look at other children too」

I nodded with Veronica

I used『Time Shift』again and this time, called Sylvia and me.

The future me that left a wink on me didn't say anything and immediately used『Next Generation』.

「A-re～, where's this?」

The one who appeared was a girl with golden-colored long hair around high-school wearing idol clothes.

Her appearance is without a doubt Sylvia's child, but her personality seems cheerful and bright.

「Oh, isn't it Papa. You came to see my life?」

「Live? What do you mean?」

「Vero-mama's also here, a-re? What does this mean?」

「Rather than that, can you let us hear a song before your live?」

「U~n, I got it. I'll sing as a rehearsal okay」

My daughter agreed to my suggestion and started to sing.

She sang and danced in high spirits.

Her performance is almost perfect.

Her turns and voice and even the aura that she releases from her whole body that is completely that of an idol.

「Sylvia's daughter will be like this huh」

「I want to let her drink once, whether she be a drunk cried like her mother」

「.....my child took off her clothes without drinking」

Veronica had a complicated face.

I have used before『Reverse Sober』the magic that makes one

drunk even without drinking.

At that time, each of my wives showed a face different than usual.

Sylvia is a drunk crier, Nadia wants to kiss a lot, and Veronica started to want to undress.

I don't think that that has something to do with Veronica's daughter wearing a bikini armor, but it looks like Veronica feels complicated.

Finally, the song ended, and my idol daughter returned to Sylvia and me from『Next Generation』, and the『Time Shift』also ended, and the two disappeared.

「Nadia should be good next」

「I got it」

The third Time Shift, and the third time Lucio Dash used combination magic.

The future me and Nadia combined and turned into a green-haired baby.

The baby was around the age where she could crawl, looked around and started to play with this and that.

Like trying to climb the curtain and tearing it, biting the bed sheet making it wet with drool, and began to write on the floor using the crayon that came out of who knows where.

Until she returned, she did all that she wants.

「That really seem like her daughter」

「She's still too young but—that is true」

「Lastly, let's go」

「Yeah」

The last Time Shift, I called the future me and Balthazar.

Balthazar and I appeared. And they used『Next Generation』.

Balthazar let out a huge sneeze because of that.

The magic powers went towards me.

It was unexpected, so I guarded in a hurry.

「Lucio?! Are you alright?」

「Yeah, there's no problem. Rather than that, the child is?」

「E~to.....ah! There he is」

The smoke of magic powers that filled the room cleared and one man appeared there.

It's a man that completely looks like me, he's like a wild-type young man around his twenties.

He is wearing a cloak and seems very bossy.

「Wahahahahaha, I am Balthazar the 9th who shall rule this world. You ignorant peasant, bow do——BUGE!」

Towards the young man who started to speak exaggeratedly, the girl appearance Veronica, Poka, hits his head.

「Veronica?」

「I just thought that he needs to be disciplined」

「I guess so, I agree with that」

After that, Veronica and I made Balthazar the 9th to seiza and made him return after giving him a sermon.

Chapter 116 – The Start Of Time And Space

After lunch under the clear sky.

I relaxed in the mansion's garden with Mami and read manga.

Mami went and chase after flowers and insects in the garden, return to me and put her head on my arm or on top of the manga.

It was that kind of afternoon just as usual.

And then, I suddenly noticed.

I noticed that I hadn't seen my wives today.

“Did they go out?”, I used magic while I thought of that.

『『Current Status』』

It's magic that shows the current status of the mansion.

I narrowed the contents to『Number of people』and displayed it.

『6 Residents, 0 Visitors, 1 Others』

There was quite a lot of residents.

It means that excluding Mami and me, there are 4 other people in the mansion.

Everyone's in the mansion? But I can't see any of them.

I put down the Grimoire that I was reading and called with a whispering voice.

「Amanda-san」

「Do you need something, Danna-sama」

The maid, Amanda-san, appeared right at my side.

She shouldn't have been there just an instant before, but she came just like a ninja.

Right now, I almost cannot feel her presence as well, although I can see her. She is the most mysterious person among us as usual.

「What's everyone doing?」

「If it is about Oku-samas, three of them have gathered in the living room. Only Nadia-sama have left」

「They gathered. Are they doing something?」

「Yes」

Amanda-san silently nodded.

「Do I need to help them with magic or something?」

「It is for the best that you have not heard about it」

「Fu～n, I got it」

「『Erase Memory』」

I used magic, and the memories inside of my head disappeared like an eraser――.

After lunch under the clear sky, I am reading a Grimoire in the garden.

Mami tripped and made a bucket fell over her and turned to Coco after being splashed with water.

Coco came to me pitifully, and I dried her using『Quick Dry』

Coco curled her body around my feet and started to take a nap.

She took out a doll of me that who knows where she kept and slept blissfully.

I continued to read manga.

Come to think of it, I haven't met any of my wives today.

But when I was thinking of that, Sylvia came out of the mansion.

She came to me while she let her beautiful golden hair sway while it reflected the light of the sun.

「Lucio-sama, can I ask something?」

「Un, what is it?」

「The first job that Lucio-sama did—e~to, the water job」

「Ahh, we walked and sold water huh」

「What magic did you use then?」

「It's『Distillation』. A magic that removes impurities from a liquid and makes it pure」

I took the glass of juice I placed on the side that I drink when I'm reading manga.

I used the『Distillation』magic that Sylvia asked.

The color of the juice gradually diminished and turned into transparent pure water.

「It's this! Distie, re.....?」

「Distillation」

I slowly told Sylvia again because she seemed to have a hard time saying it.

It's a word that in after all.

「Distillation. Un! Thank you very much, Lucio-sama」

「Yeah」

Sylvia turned around with a face full of smiles and returned inside the mansion.

After I saw her off, I suddenly got curious.

Why did she ask about that magic? On top of that, all she asked was about its name.

「Amanda-san」

「Do you need something, Danna-sama」

「What is Sylvia doing?」

「She is talking with the other Oku-samas in the living room」

「Were they talking about memories or something?」

「.....I heard the word “surprise”」

「Surprise.....」

I ruminated on Amanda-san's words.

Surprise.....they're probably planning on doing something to me.

If so, I need to get surprised properly.

「Un, thank you, Amanda-san. I got it」

Amanda-san let silently.

“If the things are like that”, I used『Erase Memory』after a long

time.

A magic that perfectly erases designated memories, if you use it too much, you can become a holder of the unisex fist of justice—.

After lunch under the clear sky, I am reading a Grimoire in the garden.

It is very peaceful with Coco sleeping around my feet.

I got thirsty so I took the glass I placed on the side table.

「Water? How weird, it should've been juice inside」

I tilted my head. I am sure that I brought juice with me, but that changed into water.

“It's probably someone's trick.”, but when I was thinking of that.

ParaParaPara, it started to rain.

I looked up the sky, there are almost no clouds, and the sun is shining very brightly.

A sunshower huh, how rare.

I closed the Grimoire and looked up to the sky.

“This feels good in its way”, I let myself get hit by the rain.

Coco who was sleeping around my feet got wet with the rain and changed to Mami.

Mami woke up. And after she looked around carefully, she crawled into the narrow space below my chair and slept again.

「Ahaha,『Quick Dry』」

It would be pity if she gets a cold so I made her body dry.

After a while, the rain stopped and I started to read the Grimoire again.

「Lucio」

「Veronica huh, what is it?」

「I heard about it from Sylvia. It seems like you went to bath with the three of you together before」

「Bath? We do enter together from time to time. What’s up with that?」

「It is about the time when Lucio and Nadia became small while

Sylvia has her normal size」

「Ahh, about that huh」

I had used『Small』on Nadia and myself for fun when Nadia and I entered the bath before.

We became smaller, and when we were swimming around the bath that became as wide as a lake, Sylvia came, and after that, she entered the bath with her normal size.

Sylvia in her original size and Nadia and me with our small size.

We climbed on Sylvia as if she was an attraction and took the bath time leisurely.

That was fun.

「What's with that?」

「Can you show me the scene at that time?」

「Scene? 『Create Delusion』.....like this?」

I used magic and created a video in mid-air.

Sylvia who entered the bath and Nadia and me like dolls.

I climbed on Sylvia's shoulder, and Nadia is horsing around on top of Sylvia's hand.

「This is.....it really looks fun」

「Yeah, it was fun, we also did things like hanging from Sylvia's hands and do a water swing」

I showed her that with the video magic while I explained.

Veronica stared at that very intently.

Don't tell me, does Veronica wants to do it as well--no, Veronica said「really」.

I wonder if she heard about it from somebody.

「Thank you, Lucio. Well then」

Veronica casually ran towards the mansion before I could carefully ask about it.

「Danna-sama」

「Uwwa! I'm surprised. What is it? Amanda-san」

「Does the magic『Erase Memory』have any side effects?」

「That one that erases memories? It's alright as long as it isn't used many times at once, but why do you ask?」

「If it is four times in one day?」

「Well, it should be fine」

When I answered that, Amanda-san became silent without expressions.

What was that all about?

「This might be very rude, but can you please forget about what Oku-sama did right now」

「Veronica?.....I got it」

I don't know why, but it's Amanda-san who said it.

I used『Erase Memory』on myself.

About the things Veronica asked, about her asking a question――.

After lunch under the clear sky, I am reading a Grimoire――.

「Lucio-chan, Lucio-chan, Lucio-cha～n」

Balthazar suddenly came flying and tackled me.

She hugged me while we rolled on the ground.

For some reason, the ground is wet and soaked.

When I took a proper look again, I saw there Balthazar with an excited face and Amanda-san with a complicated expression a little far away.

What is it, really?

The sun has set and I was about to return to the mansion after I closed the manga.

Today, for the whole day, I have not met with my wives.

This is quite rare. The day is about to end, but I have not met with anyone although they're in the house.

Because I have not met them, I really want to meet them.

I walked around the mansion and searched for the four.

And then, I met Amanda-san.

「Thank you for the hard work, Danna-sama」

「Hard work? I have just read manga today though. Rather than that, where's everyone?」

「The Oku-samas are in the living room」

「I see」

I nodded and started walking.

For some reason, Amanda-san made a worried face.

This isn't very like Amanda-san, did anything happen?

And while I thought of that, I arrived at the living room. I knocked and entered.

「Everyone, are you here——」

There are the four inside.

Sylvia, Nadia, Veronica, Balthazar.

My lovely wives are there.

The four of them surrounded a table and were writing something in a paper using colored pencils.

And it looks like they have just finished a whole book, it was bound and covered, becoming a proper book.

「Ah! It's Lucio-kun. Just right in time」

Nadia stood up and quickly ran towards me.

「Just right in time?」

「Un! Come here」

I had my hand pulled and I was taken where everyone is.

My lovely wives, the looked at me with a face that was satisfied but expects something of me.

「Lucio-sama, please read this」

「This is.....mu! A manga?」

What Sylvia passed to me was the book everyone made.

That thick thing, unbelievable—it is a proper manga!

「This is?」

「Everyone made it desu wa」

「It's full and fu~ll of Lucio-chan you know?」

「The title is.....DoroDoroDoroDoro——Jan!!」

「It is『I am a world's strongest, because I can read MANGA』, desu」

The four of them showed to me with bragging expressions.

I am a world's strongest, because I can read MANGA.....? The title was like that, but its contents were too.

I flipped the pages and got surprised, it was really a proper manga.

「Ne~, ne~, read it Lucio-kun」

「Yeah」

I got pushed and started to read my wives' manga.

The story started with me reading mangas in Ojii-chan's archive.

Me, who learned all kinds of magic, deciphering Grimoires.

I met with Sylvia, and she peed on our bed.

I met with Nadia, and I saved her from the slave merchant.

I met with Veronica, and I walked with her under the sea.

I met with Balthazar, and she sneezed on me.

The free lifestyle from when I met with the four of them became a manga.

Everyone was silent while I was reading it, but excited as well.

Sylvia sat with a seiza and Nadia hugged Sylvia while smiling.

Veronica was sitting in a way that shows dignity in her bearing although she is in her child form and Balthazar is taking a nap with her chin on top of my thigh with a snot bubble.

Within that, I finished reading the manga.

「How was it?」

Sylvia asked as the representative.

I looked at the four of them.

「This lifestyle, I hope it continues forever」

The four of them clearly nodded, and Balthazar also was awake when I noticed it.

This lifestyle, the lifestyle with the four of them that I spent, that lifestyle that even became a story like this.

I want it to continue, no matter where it would take us.

I thought of that and they also thought so.

That is why, I reached out my hand.

「『Space Time of Sazae』」

I used magic.

I used the magic that appeared inside of my head when I finished reading the manga—Grimoire『I am a world's strongest, because I can read MANGA』that my wives made.

The light of the magic released from me—it spread through my wives, the mansion, and the whole worlds.

I do not know how long has passed, but the light gradually dissipated.

The four of them had face that thinks of it strangely from an excited face.

「What magic was that now?」(Veronica)

「It's ancient magic—no, probably a magic in a higher level than that」

「As expected of Lucio-kun~, you can even use that huh~. Ne, ne, ne, what effect does it have?」

「I made this world, Sazae-san's Time and Space」

「Sazae-san Time and space?」

Sylvia tilted her head.

The others also made a face that doesn't understand.

A higher level of magic than the ancient magic that controls weather, a magic that changes how the world works itself.

I held my hands with my wives that let me be able to use that.

Sylvia, Nadia, Veronica, Balthazar.

My very, very important wives' warmth and existence could be felt through our hands.

「I know, since it's the occasion, let's take a picture」

「I do not know what occasion it is, but that is true」

「I'll go call Amanda-san and Coco-chan and Mami-chan okay」

「I'll go change clothes」

「Supii～」

My four wives started moving with their own task, and I became sure after looking at the four of them.

In this world that I reincarnated into, I became a world's strongest because I can read manga.

From now and forever, my willful life with my wives will continue.

That, I thought so.

Chapter 117 – Dog Gathering

「Lucio-sama, I learned magic」

「He～？」

Afternoon, Sylvia said something like that when I returned from the library.

There is a book on her hand. From how its cover looks, it seems that it's the light novel type「New Grimoire」.

New Grimoires can be learned by anyone, but there's a limitation that the magic can only be used once.

Nadia showed it to me before. Sylvia was the same with Nadia at that time, it looks like she learned a one shot magic after reading a light novel.

「What magic is it？」

「I'll use it okay. 『Cat Collection』」

Sylvia used magic.

After the light of the magic raised from her body, it enveloped the garden and disappear.

And in the center of the garden, a carpet-like rectangular shaped place appeared.

「A magic that makes place huh. What's its effect?」

「It's Come Anything hoi~hoi~. It's magic that makes the designated thing during the magic was used gather a lot」

「He~」

I thought about cockroaches from its name, but refrained from saying it.

I was about to ask what would be coming, but I immediately understood, there was no need to ask.

A puppy came from outside the area.

It's tiny, white, and round, it's a cotton candy-like puppy.

The puppy went to the carpet and started to lay around.

「Ahhhhhhh~ so cute~~~!」

Sylvia's eyes sparkled and approached the puppy.

The puppy continued to lie down and did not run away. It just raised its head to look at Sylvia once, and continued to relax.

「I see」

「Yes! I wonder what kind of puppy will come next. Wakuwaku, wakuwaku」

Sylvia waited for the next puppy to come excitedly.

But, the next puppy didn't come, no matter she waited.

「I wonder why.....the wan-chan won't come」

「.....don't tell me」

「Eh?」

「Since it's just limited to one time only, isn't there only one that would come?」

「Ah.....!」

Sylvia got surprised and got terribly crestfallen soon after.

It's probably like that.

The magic that was learned from New Grimoire can only be used once and it would seem that the effect of this magic was also limited to once.

Because of that, there was only one that hoi~hoi~d.

Sylvia probably expected a wan-chan paradise, but got more crestfallen because of that.

「Lucio-sama.....can you use Cat Collection?」

「That's a magic I don't know」

「Is that so.....」

「But, I can make puppies gather」

「Really!」

Sylvia closed in to me with sparkling eyes.

It's cute.

It's for my cute, I'll make her 'sacrifice' a little.

「Coco～, Coco are you there～」

I called Coco with a huge voice. After a while, the dog-eared girl appeared from the mansion.

It's our pet dog, Coco.

「What is it～, Master～」

「Can you sit on top of that carpet for a bit」

「Yesuu～」

Coco obediently seiza-d on top of the carpet.

Un, this is also cute and lovely.

I reached out my hand towards Coco and used magic.

「『Estres』」

The light of the magic enveloped Coco and disappeared.

「Hohe?」

「What happened with that, Lucio-sama」

「Well, just look. Ah, Coco can lie down there」

「Yesuu～」

Coco once again obediently curled up and started to sleep.

A beast-kin girl who has a human's appearance with dog ears and tails.

Her instincts come out here, and I think it's cute.

And dogs gathered around that Coco.

One by one they came, and started to surround Coco.

Finally, every one of them started to rub their body to Coco.

Coco slightly opened her eyes and after checking the dog, she licked its face.

As I've thought, it's a cute gesture that shows her instincts.

「Uwaaaa～, so cutee～～!」

「I see」

「There's so many Wan-chans~, Lucio-sama Lucio-sama! That Wan-chan's eyes are so cool~, he's ikemen!」

Sylvia was especially excited to the husky-like dogs within those that gathered.

Sylvia ecstatically looked at the garden that started to get full of dogs.

『Castration』

I secretly added a magic.

After all, Coco will be in danger if this continues.

The『Estres』that I casted at the beginning is a magic that makes one's pheromones easy to be sensed by animals, and with that happening to Coco, “male” dogs gathered.

And the『Castration』after that is a magic that forcefully controls one's sexual urge, it's to protect Coco.

「So cutee~.....」

Sylvia who did not have a clue that they came to copulate was ecstatic to the Wanko Heaven.

While thinking that ignorance is bliss, I looked at the gathered dogs with her.

Chapter 118 – Ferris Wheel Of Time

「What Grimoire is that?」

Veronica talked to me in the afternoon in the garden.

She is peeking at the Grimoire I'm currently reading from above, but from her looks that wandered around, she seemed like she can't read manga after all.

「It's things about Ferris Wheel. The magic I learned from it is quite unique you know」

「What kind is it?」

「You want to try it?」

「Yes」

Veronica nodded. I gestured her to get close, and let her sit on my side.

「『Chrono's Wheel』」

The instant I used the magic, the surrounding scenery became something like a mosaic.

「This is?」

「It's a magic that shows past, present, and future for three minutes continuously in that order. By the way, what you will see is random」

「Haa.....?」

「Well, it's better to take a look」

I also think that she won't understand with just that explanation.

It's quite a complicated magic.

After waiting with my body close to Veronica, the mosaic was taken off, and a scenery was shown.

It's inside the city of the royal capital, and Coco and Balthazar are there.

It's Coco's walk, but Balthazar is clinging onto her as usual.

The difference from before is that Balthazar is holding the lead that connects to Coco's wrist.

Honestly, rather than a walk, it looks like horse riding with reins.

「They're on a walk. However, I saw Coco sunbathing over there earlier?」

「Un, that's why it's a past scene. This would continue for a minute, and after that, a scene from the present will continue for a minute, and a minute of the future—it's like that」

「I see」

「By the way, we're only able to see it, but unable to intervene」

After waiting for a while, the scene changed again.

After a mosaic, it changed into a room from somewhere.

「Hmph! I'm beautiful as I've thought」

「Ara, isn't it Aniuue?」

It's Isaac.

He's standing in front of a standing mirror, fixes his hairstyle using his hands, and takes poses.

.....Isaac, you.

「Well, I shall go meet the lovely girls waiting for me then」

「Aniue, he really has a good sense of jokes as usual」

「He's seriously saying that」

「I know, I am just backing him up」

「I see」

And after this and that, the screen changed again.

This time, it's in the future.

「Fuu.....today was a good day too」

「Eh? Oi」

「Ara, isn't it Lucio. On top of that, it's a rare bathing footage」

That's right, what's being shown is me soaking in the bath.

Outside the window is dark, and it would seem that it is already in the evening.

「Something like a shota's bathing footage」

「This in itself has some demands desu wa」

「I don't even want to imagine that」

「I shall enjoy it very well」

「Keep it easy」

And just like that, I was forced to spend an embarrassing play of watching my own bathing scene together with my wife.

Finally, the bathing scene ended, and the scenery returned to the garden where we are.

「Well, like that, it's that kind of magic」

「That was very fun. Can we do it once more?」

「Yeah, any number of times」

Veronica changed to a very good mood, it looks like she liked it.

I'll do it for her as long as she wants if it's just this much.

It's for the sake of my lovely wife.

「『Chrono's Wheel』」

I used the magic and we waited for a while.

The scenery changed—it looks to be inside a mansion or palace somewhere.

And there, there is a young girl crying. She looks familiar.

「Veronica?」

「Yes, it looks like it's me. It's in the past, and from my body size—,it's when I'm around 4 years old」

「You're so cute. By the way, why were you crying this much?」

「Who knows.....? I don't remember it」

Veronica tilted her head, but I found out the reason immediately.

「Give me, give me my binky(pacifier)～」

「—wha!」

「Binky, hee～」

I looked at Veronica, her face was completely red.

And, a different girl appeared inside the scenery.

This one's a middle-aged woman.

「You must not, Hime-sama. Hime-sama is already 4, please stop using your binky already」

「Noo~~, give me my binky~, give me~~」

The young Veronica throws a tantrum.

「Veronica.....you, a binky until you're 4」

「This is a lie desu wa! It's fake desu wa! It's libel desu waaa!!!」

「No, but.....」

「Oh really! Please do not look!」

Veronica covered my eyes.

No, even if you do that.

「Give~~ Mee~~」

I could hear the young Veronica's voice clearly though.

Well, whatever. There's no need to corner Veronica too much as well.

I let her do what she wants.

She continued to cover my eyes.

Finally, the scenery changed, and the young Veronica disappeared.

「.....oh really, what are you letting me see」

「It's random after all」

「Forget what you have just seen, understood?」

「Yeah, I'll forget about it」

「.....」

「.....」

A time of silence came.

Finally, the present was shown.

Somewhere in the royal capital, it's Isaac tied up by a rope by Mami—well, it's a trivial scene.

I thought of how to make it up to here.

Making it that I had never seen it, it's easy to erase my memory of it using magic, but I must make it up to Veronica before I do that.

I thought of what I should do to do that.

I did my best to think of a way, but I was unable to.

And while this and that happened, the scenery changed again.

「Ah.....!」

Veronica let out a voice.

“What is it?”, I thought, and followed her sight.

There is one old woman there.

An elegant Obaa-chan, a very kind looking, red-haired Obaa-chan.

I have never seen her before—but I know her.

I know her, without a doubt.

She is holding hands with one man, looking at the cherry blossoms fall by the spring wind together.

「.....Lucio?」

「Un?」

「I, I am very dependent on things since a long time ago. Very bitter medicine was placed on the binky, only then that I was able to stop using it」

「I see」

「Probably, I'll continue on being dependant」

「Ahh」

Veronica holding hands with me beside her.

Just like that scene of Veronica and me, very far in the future.

We held hands for one whole minute, waiting for the time to pass without doing anything.

Chapter 119 – MAGI System

When I returned to the mansion from the library, I saw Nadia groaning like “U～n, u～n.” in the living room.

I entered the living room and talked to her.

「What happened, Nadia?」

「Lucio-kun!」

「You seemed to be worrying about something, what happened?」

「Un, you know, I’m sleepy right now, so I want to take a nap, but if I sleep right now, I won’t be able to sleep at night, so I was thinking what should I do」

「I see」

Well, it’s a common problem.

I get how she feels, and this current situation that’s hard to decide which too.

I also know very well that there’s no correct answer.

「Ne～, Lucio-kun, what should I do?」

「Let me see.....I'll let you decide for yourself」

「By myself? Oh really, Lucio-kun, it's because I can't do that that I'm troubled」

「Well, no rush, just look」

I took a step away from Nadia and reached out my hand.

She understood that I was about to use magic, and she started to look excited, that it's unknown where her sleepiness gone.

“Maybe there's no need for magic anymore?”, I thought, but I still used the magic as planned.

「『Magi』」

The light of the magic enveloped Nadia.

After the light had dissipated, Nadia split into three.

She turned into a doll-size that is a third of the original.

There are things like nametags placed on her clothes, and each of them says,

「Lucio-kun LOVE」

「Sylvie LOVE」

「Everyone LOVE」

Like that.

「What's this, what's this, what happened?」

「I don't know why but I became cute」

「Lucio-kun, what magic is this?」

The three chibi Nadias asked noisily.

「That is a magic that temporarily divides a person's characteristics by three. It's the type of Nadia exactly written at your chest」

The manga I read was a story about 「the female me」 「the mother me」 and 「the scientist me」

In Nadia's case, it's me LOVE, Sylvia LOVE, and everyone LOVE.

Sylvia and I stood among the rest, and our other family (probably) is in a complete separate slot.

It's very Nadia-like.

「He~, is that so」

「It's so interesting~」

「But, why is there three?」

「Three is the smallest number that you can decide with a majority decision」

「「「Oh~」」」

The chibi Nadias got convinced the three of them at the same time.

「Well then, go decide by majority. Whether you will take a nap or not」

「Un! Well then.....the person who thinks we should not take a nap raise your hand--go!」

「Here」

「Here, here!」

The three of them raised their hands together.

I'm surprised, she was hesitating, so I completely thought that it won't be a unanimous decision.

Soon after the decision by majority, Nadia returned to normal.

And then, I asked her.

「It was decided unanimously that you won't take a nap huh」

「It's because Lucio-kun used an interesting magic～. It's not the time to take a nap you know～」

「I see」

It was a very Nadia-like reason again.

Although she was sleepy and hesitated whether she should take a nap or not, all of it disappeared because she saw a new magic.

「Ne～, ne～, this magic only divides a person into three right? It's not like it's needed to make a majority decision right?」

「Yeah, that's right」

「Wait a minute!」

Nadia ran outside.

When I waited for her thinking what it was about, she immediately returned.

「What was it?」

「Wait a little longer」

Nadia said while smiling.

There's no problem with waiting. I waited just like I was told to.

I leisurely waited while reading the Grimoire that I brought back from the library.

After a while, I heard a loud sound, and our pet cat Mami entered.

It's not only Mami, but she also took Isaac who was tied up with her.

「I went and hunt」

「Oh~, good job, Mami. Good girl, good girl」

「.....」

Nadia patted Mami's head.

Mami seemed like she was bored, but her red cheeks tell otherwise.

「Lucio-kun, Onii-chan too」

「I guess so」

I'm also interested what Isaac would be if he were divided into three.

「『Magi』」

I used magic and divided him into three.

What appeared within the light of the magic was the tied up Isaac with a third of his original size.

Those three tied up, the following was written in each of them,

「The cool me」

「The charming me」

「The world's strongest me」

「Ahahahahaha! Onii-chan, what a great confidence」

Nadia laughed out loud.

However, Isaac, you.

Where in the world does that confidence come from.

I told Mami to return Isaac from where she got him, and Nadia asked for more.

「Ne~, ne~, let's do a lot of things, I mean a LOT of things」

「I guess so」

「Ah! It's Sylvie. Sylvie~, come here」

「What is it? Nadia-chan」

「Lucio-kun, please」

「Un」

I used magic on Sylvia, dividing her into three.

「The polite Sylvia」

「The cry-baby Sylvia」

「The Sylvia that did not stop peeing in bed」

「「「Kyaaaaaa!」」」

The three chibi Sylvias raised a scream at the same time.

When Sylvia returned to normal, she ran away with a red face.

「I wonder if she's alright.」

「It's okay, it's okay, I'll scold her later」

「Eh? Scold her?」

「I'll tell her to hurry up and stop peeing in bed」

「Ahh.....」

Though I think coming this far, it's fine if she doesn't fix it anymore.

After that, we went around and used『Magi』on our acquaintances.

Each of them changed into three persons, and it was quite interesting.

And, we met with Amanda-san.

「.....」

「.....」

「.....」

「.....」

「What is it, Danna-sama, Oku-sama」

「Let's not to it to Amanda-san」

「Un, let's not」

It's somewhat scary.

Amanda-san's "that", I feel that it's better to keep it in secret.

Me and Nadia's sense of danger was perfect—but, because of that, we did not have enough.

At that time,

「O~i, my Senjukou」

The King visited the mansion.

「Go, Lucio-kun! Use the magic on Ou-sama!」

「Got it!」

I used magic in high spirits with Nadia's command.

When I casted『Magi』on the King,

「My Senjukou LOVE」

「My Senjukou LOVE」

「My Senjukou LOVE」

It became those three.

「『I wanted to meet you, My Senjukou』」

The King that turned into three doll-sizes—clung to me at once.

Chapter 120 – House Of Treats

Afternoon, I am reading manga in the mansion's garden leisurely.

There is Balthazar nearby.

She is wandering around here and there, walking around chasing a butterfly in the garden.

Balthazar who loves butterflies so much that she calls them「Chou-chan」. I read manga while watching her on the side.

The one I'm reading right now is a series manga that I brought from the Grimoire Library.

It's a work with a ridiculous story, starring a bad looking picaresque hero-like main character, who did not only took a legendary Demon Sword in his hand, but even made that Demon Sword give birth to another Demon Sword.

Things like doing something like a husband and wife stand up comedy with a Demon Sword, and the heroines around are cute too, so it's a manga that is easy to read.

「Lucio-chan」

「Un, what—what's that?」

「That is my line you know? What is this?」

Balthazar tilted her head cluelessly.

What she is carrying is a big bee's nest.

Her appearance of hugging it with her very long sleeves was lovely, but scary at the same time because of the bee's nest.

「That's a bee's nest. It's dangerous so put it back where you took it」

「Dangerous? But, this smells really good you know?」

「Well, there's honey inside after all—oh, there it is, it's that thing drooping there」

「Honey?」

Balthazar dexterously peeked on the bottom of the bee's nest while hugging it.

And, she licked the drooping honey.

「Sweet」

「It's honey after all—oh hey!」

Without giving me time to stop her, Balthazar bites the bee's nest, and made a「×」on her face.

「So bad.....」

「Well, it's a bee's nest after all, it's the bee's house」

「It smells this sweet too.....」

「.....hmm」

Sweet smell.....house.

I remembered a certain magic.

「Balthazar, you want to eat that?」

「Call me, Hacchan? I don't want to eat it anymore because it's not delicious you know?」

「If it was delicious?」

Balthazar made a clueless face.

I gently pinched her nose, and casted magic on the bee's nest that she's holding.

「『Hexen House』」

The light of the magic enveloped the bee's nest.

「You should be able to eat it with this」

「Ah! It's chocolate」

Balthazar bit on it without hesitations and made a delighted face.

Its appearance did not change from being a bee's nest, but it looks like it became chocolate.

「*MoguMogu*.....whash thid.....*MoguMogu*.....Rusho-shan」

「Don't talk while eating. That was a house of treats magic. In short, it changes any structure into treats」

「House to treats?」

「Yeah」

「House?」

Balthazar pointed at the mansion.

「If I casted magic on it, yes. But the mansion's not okay, alright? Everyone's living there after all」

「.....Lucio-chan, come here okay?」

I stood up being pulled by Balthazar.

And just like that, I was forcefully taken away.

We arrived at the back of the mansion.

There is a huge dog house there, and Coco is napping curled up inside.

Coco who is a beast-kin stays a lot of times inside the mansion, but there are also times when she would feel relaxed in this really dog-house looking place.

“Don't tell me, she wants to eat Coco's house.....?”, I thought, but we passed by.

Moving further ahead, we arrived at the back of the back of the mansion that we usually won't visit.

In there was a deserted-looking storage that stopped being used.

「This is house too you know?」

「You want to eat it?」

Balthazar nodded clearly and had her eyes sparkling.

「I got it. 『Hexen House』」

I used magic on the storage shed and changed it into a house of treats.

As soon as I finished using the magic, Balthazar immediately jumped onto it.

「It's sweet and delicious」

「Let me have a taste.....oh, the window's like candy」

「The door tastes like cookie you know?」

「The wall became a sponge cake. Un, it's good」

Balthazar and I ate the shed.

There was too much of it to eat everything, so it's like tasting this and that.

「W-What are you doing, Lucio?!」

「Eh」

I turned around, and saw Veronica looking at me like she was struck by a lightning bolt.

「.....ah!」

I noticed the reason for her surprise.

『Hexen House』changes structures into a house of treats, but it still looks the same.

In short, for Veronica who does not have any clue, Balthazar and I are eating a half-destroyed storage shed.

Well, she can't be blamed to make such a face.

「To think that.....Lucio has such a hobby」

「Wait, don't misunderstand. Balthazar, you go and explain too」

「Waa~, there's Kumo-chan's house too, Lucio-chan should eat

this too you know?」

「Mogu!」

She plunges a spider's net into my mouth.

「Delicious?」

「It's like cotton candy」

「Waa～.」 I should let Chou-chan eat it too. I'll make her clear her long-standing grudge you know?」

Balthazar peeled off the spider's nest that sticks to the storage shed, and ran off to somewhere.

「To eat even a spider's nest.....on top of that, he even said it tastes like cotton candy.....」

Veronica bursts into tears.

「To think that my husband is such a person」

「Wait a second, I'll explain it okay」

It was almost a divorce crisis, I stopped Veronica from leaving, desperately explained to her the magic, and was somehow able to

make her convinced.

After that, the storage shed was eaten deliciously by our family.
